

# Stephen Minister Testimonials

---

We are interested in gathering quotes from our Stephen Ministers to use in future publicity. We would like to know your feelings about being a Stephen Minister.

Ideally your quote would be no more than three to four sentences. Here are a few ideas to get you started. You may respond to more than one if you wish, or choose a different angle to write on.

1. How the training has helped you become a more caring person . . .
2. How the training has enhanced your personal or professional life . . .
3. The spiritual growth you have experienced . . .
4. How you have seen God at work in your caring relationship (keeping confidentiality, of course) . . .
5. The joy you feel in serving God through this ministry . . .
6. Why others should consider becoming a Stephen Minister . . .
