Newsletter of the Student Ministry at Damascus Baptist Church

During our recent Youth Week Wonderful Wednesday service, Scarlett taught an outstanding lesson on Faith. She reminded us that Matthew 17:20 says that if our faith is even as small as a mustard seed, nothing should be impossible for us. To take that a step further; James 2:17 says; faith by itself, if it does not have works, is dead. That passage in James reminds us that faith and action need to go together. That means we can believe that God can help homeless children, widows, and sick people, but we have to do something with that belief. We have to be willing to take action; like going on a mission trip, participating in the various mission activities that are held throughout the year, and even helping with Vacation Bible School. The first step is no doubt to believe, but afterward we have to be willing to get to work and maybe even get our hands dirty. There will be several opportunities over the next month or two to do just that. Please think about taking advantage of some of these opportunities and spend some of our summer as the hands and feet of Jesus.

Think about it.....

Bible verse to think about:

1 Peter 1:24 For all men are like grass, and all their glory is like the flowers of the field; the grass withers and the flowers fall, but the Word of The Lord endures forever.
