

What a powerful prayer that is given to us from God's Word! We need to ask God to bless us, enlarge our territory, keep His hand with us, and that He would keep us from evil. We are finishing up a great year serving the Lord together. We have had more people participating in missions around the world. We have had more people participating in Sunday school, worship, and Wednesday nights. We had more baptisms and people joining our church. A special thanks to each one of our church family!

This coming year we encourage you to make the Prayer of Jabez your prayer. Pray it daily and see how God blesses you and our church family. Each of you are critical in the expansion of the kingdom of God. People know about Jesus because you are willing to tell them. People come to church because you are willing to invite them!

I am so grateful and appreciative of your support of me personally for the last four years. Thank you for your prayers that keep Elaine and I going in the ebb and flow of ministry. Elaine and I are appreciative of our church family. Please remember that I am only a phone call away for any ministry opportunity. 2018 is ending, let us seek God's guidance in making 2019 a great year for serving Him!
