Volunteer Opportunity

Spectrum Health Hospice

Would you like to read to a patient who can no longer see the pages? Play cards with someone who is lonely? Watch a Tigers game with a patient while their spouse goes out to get groceries? Sing or play music – connecting a patient to another time in their life? Spectrum Health Hospice is looking for additional volunteers who are interested in brightening our patient's week by sharing approx. 1hr/week with them. This volunteer opportunity is a significant encouragement for their end of life patients, helps them with feelings of loneliness and is a unique component of the patient's plan of care. They offer a flexible Volunteer Orientation program and there is no cost for the training. Volunteers are able to determine which geographic area they would like to serve. Average time commitment is one hour per week after orientation is completed. Please contact them with your interest or for additional information!
