

THE GOSPEL PROJECT

Confidence in using Mark's gospel for evangelism

Letting God's Word do God's work

What is The Gospel Project?

The Gospel Project will equip us to be confident reading Mark's gospel in evangelism, whether one-to-one or in a group context. This will be a key focus during 2015-16.

What does The Gospel Project involve?

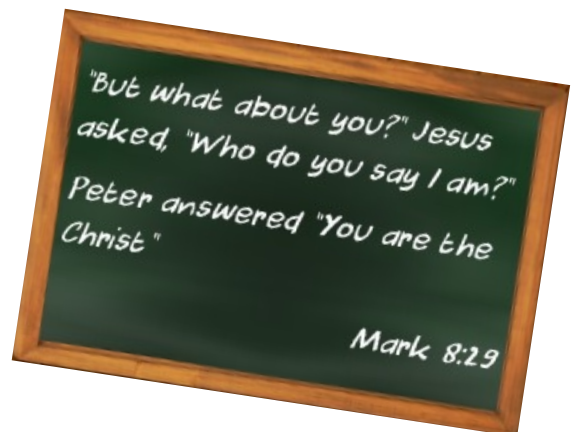

The Gospel Project is a commitment throughout the church family to understand Mark's gospel really well. More than that, it's a confidence that God will use that to lead people to faith in Jesus. We'll study Mark's gospel together on Sundays and in small groups. We'll encourage each other that we really can understand it and explain it to others.

We'll also use Mark at all the guest events in 2015-16. Whether it's discussing current issues at Quench, a short talk introducing Christianity at a ladies' event or answering tough questions on a Sunday night, we'll use Mark as we answer questions and share the gospel.

What's the vision?

God has given us the Bible so that we might know Jesus and tell others about him. Giving everyone a well-grounded knowledge and understanding of Mark's gospel significantly increases the potential of *Chalmers* to tell others the good news. Increasing our confidence in Mark's gospel we'll be able to use it:

- In personal evangelism, reading Mark with friends or using it to answer questions that they have about Christianity
- In group evangelism, meeting with Christians and non-Christians to read through the gospel and discover who Jesus is

When will it happen?

Term 1—Autumn 2015

- Launch of The Gospel Project
- Training for small group leaders and others in using Mark's gospel

Term 2—Spring 2016

Working together, dependent on God

Perhaps as you read this you're a little daunted. Probably we all are. Can we really do it? As elders we'd like to encourage you that we can. But not alone. We do it together, supporting one another prayerfully and by sharing together. Most of all, we depend on God. We pray for the help of the Holy Spirit empowering us to go and tell the gospel.
