

AFTER SCHOOL AT ATC

What's the difference between After Care and ATC After School Classes?

After Care is a drop in, extended childcare option beyond school hours.

After Care runs Monday- Friday, 3:15 PM - 5:30 PM

There is no need to register for this. You will be billed at the end of the month accordingly.

ATC After School Classes are extra classes offered on Tuesdays or Wednesdays.

Spots are limited and the cost varies by activity and supplies needed. Registration links will be emailed a few weeks before class begins and will also be posted on our website. If you need extended childcare, your child can attend After Care, which ends at 5:30 PM, for an additional fee.
