

Financially Faithful Ministry

We Offer:

- **Confidential, individual, financial counsel from well-trained, compassionate, committed financial coaches.**
- **Workshops and Sunday School Classes**

Jesus said he came that we might have life “to the full” (John 10:10), which means a life lived in vibrant, trusting relationship with Him. He also warned that money would be a primary distraction from that life—no less than His chief rival for our heart (Matthew 6:24). At St. Peter’s, we’re committed to helping you use money in a way that reflects and even deepens your love for God, contributes to the good of your most important relationships, and frees you to use your talents and passions to make the difference with your life God uniquely designed you to make.
