

HEBRON STUDENTS

We believe that God will use Hebron Students to show Himself to the world.

Hebron's mission in Middle School is to **AFFIRM** every Middle School student that they are created in God's image. When we **AFFIRM** students' identity in Christ they gain stability and discover uniqueness. When we respond to Middle Schoolers in a loving manner, listening, encouraging more specifically, and guiding more patiently, we will influence them to stop and think rationally before they respond in the moment. As we **AFFIRM** students, they will start to own their own faith and value a faith community.

Hebron's mission in High School is to **MOBILIZE** each student's potential in their personal faith journey. As we teach students how to **MOBILIZE** their faith, they find answers to their questions. We are teaching and pointing them to value community, clarify their values, refine skills for serving, and help them see the vision God has for their lives. As we **MOBILIZE** students they will pursue authentic faith and learn to discover what God's personal mission is for their lives as they enter adulthood.

When you Say YES to Students you Say YES to:

selfies, acne, growth spurts, smells, Instagram, music, technology, confirmation, questions, growth, new drivers, silence, laughter, group texts, lasting friends, urgent crisis, caffeine, purpose
