*The apostle Paul has been on a mission journey and he writes to the Church at Philippi concerning their support for him in Philippians 4. He comments that they were the only church that supported him at this time and in Philippians 4:17 he says "Not that I seek the gift itself, but I seek the profit which increases to your account. He certainly needed the financial help but he recognizes that God blesses both the field worker, in this case Paul himself, and the senders of that worker for Jesus and His Church. What a lesson for us today.*

*Have you been blessed because of your support for missions?*
