

Serving Alongside in Life Together

SALT groups

SALT Group FAQ's:

What is a SALT group? It is a small group of people who meet together in a host home. Usually there are 8-20 members. The group meets together weekly and becomes a close support group for each other through building friendships and being together.

How do I find a group? Different groups meet on various nights of the week in the evenings. You may choose a group based on where you live and what night of the week you have available. Dean would be glad to talk to you about which group would work for you.

What do you do at a SALT group meeting? All of the groups are built on growing our relationship with Jesus our Lord and Savior, and with each other. Part of the time together is spent studying God's Word. Group discussions include real life issues and application of God's Word to our everyday lives. Time for just being together and having fun, occasionally sharing meals together, is all part of being in a SALT group.

How long does the meeting last? We try to make sure the meetings last around 1 1/2 hours. Time for further visiting or sharing dessert together is an option if you have additional time to spend.

Are all the meetings the same each time? No, often times the group will set aside an evening for just visiting and having a meal together. Most groups break for the summer, but may get together for a BBQ or a day at the lake before the weekly group meetings start back up in the fall.

What if we have small children? Some groups have made arrangements for child care during the study portion of the meeting. These groups work together on helping provide care for the children during part of the time together.
