

My name is Caleb Zweerink, and I work for an organization called Young Life in Maize, Kansas! Young Life is an outreach ministry primarily serving middle- and high-school-aged kids. Our goal is to reach the "furthest out kid," which means the kids that wouldn't normally grow up in youth group or Church settings. It is then our goal to gain the relational credibility with them to share the Gospel in a genuine way that it was meant to be shared. After they accept Jesus into their hearts, we want to continue to foster that growth through bible studies and deeper one-on-one conversations. Young Life is a lifelong relationship with their leader that accurately reflects a relationship with Christ.

I have just accepted a new position within the world of Young Life as the West Wichita Area Director! Previously, I was doing middle school ministry in Andover, Kansas, but now my ministry focus will be Maize and Goddard! I would ask that you would pray for me during this transition, specifically for encouragement during uncomfortable and difficult situations that come with being completely new to an area. I would love your partnership prayerfully as well as financially if you feel called to do so! If you would like to give or be included in my monthly newsletter, please email me @zcaleb639@gmail.com or give me a call/text at 816-344-6906. Also, feel free to just give at this [link](#)! I am super thankful for Wellspring and the part you have played in my faith. Thank you all!

Blessings,
Caleb Zweerink
