

1. Wins over the last month

- Our LIFE Sunday went off extremely well. Everyone seemed really encouraged and the teens who shared really put their hearts into it. The added aspect of Lemonade and the Taco meal not only blessed the church but gave the teens who had just moved up a great opportunity to serve and get connected with our leaders.
- Adult Sunday school has a great line up with talented teachers and engaging topics.
- As mentioned in last month's report I mentioned that we recruited two new female leaders (Lilly Lewellyn and Maria Llewellyn) to be on the youth ministry team. We have known for quite some time that we needed to recruit some more solid female leadership and this is an answer to prayer. It has only been a week but they have been doing a fantastic job.
- Everything is all arranged for Charles Amoh, the national youth director of the Alliance to come and speak to our group in a few weeks. I reached out to a number of the smaller churches in the area and at least one of them will be bringing a group to come hear him speak. We are very excited for this opportunity.

2. Ministry challenges you are facing

- We just graduated a bunch of seniors which is always tough. Momentum often takes a bit to rebuild after you say goodbye to a solid group of seniors.
- We are finding various extracurricular events are increasingly taking place of Thursdays as well. Its seems like it is more than what was normal in the past.

3. Goals for the next 30 days

- Launch Registration for our Missions trip to DR
- Have our first leaders meeting of the school year
- Work on preliminary sabbatical proposal details
- Explore some discipleship ideas with leaders

4. Actionable items if needed

- I would like approval for a pepperoni roll fundraiser and the caramel apple fundraiser. These will be run like they have in the past.
