

Governing Board Meeting

September 15, 2026

Administration & Discipleship

Wins

- Administration
 - 11 were scheduled for baptism during our Outdoor Service/Church Picnic. Praise God, 18 were baptized that day. And so far for 2026, that makes 23 (with those from our church who were baptized outside of our church—Timkos, Stahls).
 - The first Membership Class was held this past Sunday, and it will finish up this Sunday. 17 are attending. Meetings with elders will follow after the class.
- Ministry
 - It has been a very good year of ministry engagement for both our men and women. The men's golfing just finished up and went very well with the intentionality to build relationships and focus on God as they began each outing. Next year they are looking to increase their schedule to twice a month. The men will finish out the year with a hike in October and target shooting in November. The women finish up with their focus on Christmas with the Prepare Him Room women's gathering.

Goals

- Facility
 - **Roof:** The quotes have all been compiled and compared. Mark Gillespie was in communication with each company to get questions answered. After the review, we are moving forward with Craig Gouker Roofing. Shingle colors have been provided to the trustees. Their choices will be used to narrow our options so that we can receive physical samples from Gouker Roofing to then make a final decision. The goal is to have this decision made by the end of next week. Gouker Roofing is planning on completing the project in October.
 - **Safety Team:** Radios are in the process of being ordered. 13 will be ordered, as we currently have a need for 12 radios.
- Missions
 - The October mission trip to the Alliance's Envision Dominican Republic is less than 30 days away. I will be having a final meeting with the team to complete online VISA forms and finalize some ministry plans. Please be praying for our team and trip.

Respectfully Submitted,

Mark DiAndreth

Assistant Pastor of Administration and Discipleship
