Win

A win over the last month was attending the Christ Fellowship Church conference. It is such an amazing time to be refreshed and to learn. This year was no different. At the church, a win is watching people grow in their faith. I have conversations each week with individuals who, just a couple of months ago, had no relationship with God and are now trying to navigate how to live a God-honoring life. I always think it is a win when new attendees bring others with them to church.

Challenge

It is the same as last month: with all the exciting things happening, there are some really hard things going on in people's lives. I cannot stop thinking about and praying for Ron. Ron has tried to stay strong for his family, but it is so hard to watch his health deteriorate more and more each week. Be praying for Ron and his family.

Looking Ahead

We have a lot of loose ends I hope to tie up in the next month. I am also starting to plan for Easter, and to gather ideas, I will flesh out in July for next year's preaching schedule.
