### **Bible Story:**

The Father Had Big Plans for Jesus

Mark 1; Luke 4

The part of The Big God Story we're going to hear today is about Jesus preparing for the things God had planned for Him to do. He wasn't preparing to go to the beach; He was getting ready for much bigger things! The Father had *big* plans for Jesus, and He still does! Some of the Father's big plans for Jesus included the ways He would teach and care for people He met. Jesus healed sick people, made blind people see, and even brought people who had died back to life. All these things showed people more of who God the Father is. But before Jesus did all of these things God had planned for Him, He had to get ready. Every day there was much to be done. Jesus knew that spending time with His Father was the very best way to be ready for all He had come to do. So, Jesus got up very early in the morning or stayed up late at night so He could be alone with His Father. God the Father used Jesus' time in the desert to prepare Him for all He was going to do. He came to earth as the promised Savior to redeem us. When we choose to love, trust, and obey Jesus, He forgives us of our sins; the bad choices we make and shows us the very best way to live. God's big plans for Jesus made the way for us to be with God forever and ever.

**What other big plans did God have for Jesus? What big plans might God have for me?**
