FOREVER FRIENDS is a program for individuals with Intellectual disabilities and/or autism and their caregivers to worship together.

This program is intended to provide an additional support to our community not to take you away from the church you are already attending. We are trying to meet the worship needs of people with disabilities who have difficulty attending a typical worship service. For example: My son has ID/autism, loves music, but is nonverbal and at times makes loud joyful noise and flaps his arms. He doesn't sit well for long lessons. He needs a lot of visuals/video and hand-over-hand assistance for craft activity.

WHEN IN DOUBT TRY US OUT. All ages welcome. This is a program to enable us to worship together. All are welcome to participate in all activities.

Please call or email Betsy Cohick with any questions or concerns.
