Thank you for your kind donation of 16 bags of food and toiletries on January 4th to Arlington Urban Ministries' Emergency Assistance Pantry. We sincerely appreciate your thoughtfulness and support. The true value of your support to Arlington's needy families is immeasurable.

Each day AUM helps a number of people with various services including food and toiletries. Because of your generous donation we were able to assist our client Wendy, a single parent raising her five-year old daughter, is completing her degree at Texas Wesleyan College and working part-time as a waitress. Falling short and unable to pay all her bills is something Wendy works very hard to avoid. However, her May electric bill was more than what she had budgeted. Fortunately, a neighbor told Wendy about AUM. Not only was AUM able to help them retain their services, but was able to provide their family with a day or two of food as well.

We sincerely appreciate your faithful commitment and partnership with AUM. Because of people like you, AUM is able to provide hope and solutions to people like Wendy, and all those who turn to AUM for help in their time of crisis. Thank You for supporting this important ministry
