Let Sacramento help you with your Summer Camp registration process!

What we offer:

Registration Codes

If your church plans to pay for camper registration fees, either partial or in full, we can create a code specifically for your church, to be used by parents when registering their child.

You specify the *amount the code is worth (what your church will pay for each registration) and the number of uses for your code. This code will appear as a "discount code" during the online registration process.

**For discount codes designed to pay 100% of registration fees, there is a \$25 fee (deposit) for each time it is used.*

Registration Reports

We can provide up-to-date reports listing names and registration balances of campers from your church. To request regular reports, please call 575.687.3414, or email your request to info@sacramentocamp.org. *The accuracy of your report is dependent on campers/parents designating the correct church during the online registration process.*
