Duties and Responsibilities

As a volunteer, you will help provide camper supervision in the dorms, at activities, mealtimes, and everywhere in between. You may also be asked to help with the instruction of a small group of campers using a curriculum designed especially for this camp. If so, these materials will be provided to you for your review.

Volunteer Requirements

- 1) For anyone 18 yrs. and older, a current **background check** (ran by Sacramento prior to your arrival)
- 2) For both adult and junior volunteers, **Child Safety Course** (Sacramento will send you the link to participate in this course.)

As stated during the registration process, these items **MUST** be provided prior to your arrival.

Our target deadline for all volunteer background checks, completion of the Child Safety Course, and all registration and supporting documents is June 15th.

Medication Guidelines

For parents of Junior Volunteers, please provide any medications needed for Junior Volunteer when checking in to board the bus. If you are dropping your child off at camp as a Junior Volunteer, please check in medications at that time. All medications will remain with your child unless arrangements are made with the camp staff.

Spending Money

The camp store offers snack foods, soft drinks, T-shirts, and other novelty items. Shirts range from \$25 to \$40. We recommend campers bring only a reasonable amount of spending money.

Whoz-We-R T-shirts

We will have Whoz-We-R T-shirts available this year for \$20. If you did not order one during the Sacramento registration, please email Twyla Polasek at tpolasek@lakeridgegmc.org to place your order.

Camp Reminders

- Please put your name on all items you pack.
- Do not over pack; your child must carry all of their belongings!
- Cameras can only be used outside of cabins.
- Please do not bring food to camp. Food attracts flies, ants, and mice! There is a store to purchase snacks
