What: God's Family Matters Where: KZ-2 (cx from the kitchen)

We like to fit in. Ever since we were kids, we wanted to like the right kind of music, wear the right clothes, and use the right technology. We still do. But we were made to be different and live in such a way that it's clear we aren't bandwagon crowd-followers; we're followers of Jesus. Come join us in God's Family Matters as we look at the Sermon on the Mount and hear the words of Jesus that can enable us to move us from blending into the crowd to being distinct. The focus this week will be on the distinct love Christ calls us to.

What: Foundations Where: Fellowship Hall

Over the past several years there have been a number of archeological discoveries which have had a profound impact on our understanding on some of the traditions which have long been held by the Christian community. In light of these discoveries Paul Stokholm will present some of this new information which will challenge our thinking and will provide some interesting possibilities with respect to

the soon return of our Lord and Savior, Jesus Christ. In particular, we will look more closely into two prophetic statements made by Jesus concerning His crucifixion, and the destruction of the Temple in AD 70 by the Roman Legions. Come and join us for the next three weeks and be challenged and enlightened.

What: Conversations with Christ: Where: Prayer Room

A prayer space to worship, seek, and meet Jesus together. A place to know and love Our Father as we are directed by His Spirit.
