JESUS part 2: Miracle Man

John 2:1-11

1. If you had the power to do miracles, what's one thing you would do to make someone else's life better?
2. Share a time when you were asking God for a miracle. How did it turn out, and what impact did that have on your faith?
3. **Read John 2:11.** The purpose of this miracle was much greater than the success of a wedding banquet. What was the bigger picture?
4. Many of Jesus' miracles were designed to serve as signs so that people would recognize who he was and why he came. Why do you think we naturally focus on the "fix" of the miracle rather than on the "Fixer"?
5. **Read John 20:30-31.** Why did John (and the other Gospel writers) record Jesus' miracles? Was it to teach us how to ask for miracles in our lives, or was it something else?
6. Faith was a prerequisite for most miracles. Jesus couldn't heal people unless they came to him to be healed. Peter couldn't walk on water unless he took a step on the water. How does that reshape the way you ask or wish for miracles?
7. In what way was Jesus' resurrection the miracle that accomplished more than any miracle could possibly do?
8. Chances are, you have some sorrow or doubt in your heart because God did not work a miracle in your life that you thought was quite reasonable. What are some things from this message that help you rethink things?
