## Frequently Asked Questions

### **Why Sunday School classes?**

They are a great place to go beyond the Worship service and begin to knit your life to the lives of others. They are places to continue to *"Ingest His Word"* by discussing it and living it out...together.

### **Can I visit multiple classes?**

Yes! This is highly encouraged. Feel free to visit around and find a class that is a good fit...then commit to growing together, serving together, and having fun together.

### **What do we study?**

Our children and many of our adult Sunday School classes are studying The Gospel Project. Our students are currently in the Experiencing God Study for teens. Some senior adult classes are studying a curriculum called Explore The Bible.

### **Do classes do anything outside of the classroom?**

Yes! Classes are encouraged to enjoy meals together, find ways to support and encourage each other throughout the week, and *"Engage Their Platforms"* together by serving within the community and sharing Christ with others.
