Lesson:

The Complaining Israelites—Exodus 15:22—17:7

Once across the Red Sea, the Israelites grow thirsty but see no water. They rail against Moses. Moses takes his concerns to his Heavenly Father who quickly supplies water.

Of course God was going to give them water! He saved them! Why would He let them die of thirst? It would have been so much nicer for everyone if they had simply thanked Him for His goodness and asked for a drink.

Focus:

You please God when you show contentment in your life.

Craft:

Using strips of colored paper create a Contentment Chain by writing on each link a thing you are happy for in your life.

Game:

Play Bad Thing/Good Thing! Name a thing in your life that seems kind of bad. Then, think of something good about it and praise God!

You can trust God to stick with you on the job He's asked you to do!
