Please note: The secret sister program is designed to help us get to know each other a little better and also to encourage, uplift and pray for our sisters in Christ. You DO NOT have to give a gift every week. If you want to give something one week, then send a card another week that would be great. Please remember to do something at least every two weeks. If for some reason you cannot fulfill your commitment this time, please let Shannon Moore know ASAP so that your sister does not get lefts out. Have fun!!
