

KITCHEN COMPOSTING AT OSLC IN 3 EASY STEPS

- 1 Place all items into the yellow recycling bucket using the labeled spatula.
- 2 Take the filled bucket outside to the yellow bin next to the other trash bins. Be sure you close it to keep out the critters.
- 3 Return the bucket to the kitchen and rinse it out or run it through the dishwasher.

Please Compost the Following Items

Most food items: including meat, bones, eggshells, seeds, husks, peels, coffee grounds, paper filters, and flowers (w/o wires and ribbons). Also, these nonfood items: soiled paper towels from food cleanup, pure cardboard (tear-up); pizza boxes (tear-up), paper egg cartons, burnt wood matches, natural cork, and any **approved** compostable paper goods and plasticware.

(See “Urban Composting Best Practices” list.)
