The Journey Begins Here

To begin your wedding journey with us, please complete the **Wedding Request Form**. Once we receive your request, our Ministry Support Specialist will review it and contact you within one week to confirm date availability and discuss the required holding deposit. We will apply your deposit toward your facility use and setup/cleanup fees.

To be fair to all couples, we reserve wedding dates once we receive the holding deposit. If another couple requests the same date before your deposit is received, we'll contact you and provide a 48-hour window to submit your deposit and secure your reservation. If the deposit is not received within that time, the date will become available for the other couple.

Meet Your Officiating Pastor

One of the most meaningful parts of preparing for your wedding is getting to know the pastor who will lead your ceremony. If you do not already have a pastor in mind, we will gladly assign one based on availability. Your pastor will meet with you to get to know you as a couple, discuss your wedding service, and walk with you through the next steps of your marriage preparation.

If you would like a pastor from outside Our Saviour's to officiate your wedding, please have them contact our Ministry Support Specialist to begin the approval process and coordinate the details.

Choose Your Music

Music helps make your wedding ceremony uniquely meaningful. At least **one month** before your wedding, you'll meet with one of Our Saviour's Music Directors to select the music that will help tell your story and enhance your celebration.

Your Wedding Coordinator

About **two months** before your wedding, you'll be connected with one of Our Saviour's *Wedding Coordinators.* Your coordinator will help guide you through the final details, and a *Wedding Host* will be on-site to assist with both your rehearsal and wedding day so you can focus on celebrating with family and friends.

Final Payments

Fees for the officiating pastor, wedding coordinator, musician (piano or organ), sound technician, and wedding host are due three weeks before your wedding. Your *Ministry Support Specialist* will provide payment details and answer any questions along the way.

Offsite Weddings

If your wedding will take place at another location, **please confirm your date directly with the pastor you have requested to officiate your ceremony.** Please note that a pastor's fee applies for offsite weddings.

As you prepare for your wedding day, know that we are honored to walk alongside you. May this season of planning deepen your love for one another and your faith in God's enduring presence. We look forward to celebrating this joyful beginning with you.
