CLASS PLACEMENT FOR NEXT YEAR

Please remember that SCS has a **No Request Policy** for class placement. With over 500 students it is impossible to take requests and honor all of them. The following procedures are used when making class lists and help make all of our classes well rounded.

- The teachers that currently have the students make the class lists for the next year.
- A mix of high, medium, and low students are placed in each self-contained classroom.
- A good mix of girls and boys is placed in each class. Consideration is given to personalities that need to be separated.
- Consideration is given to how each student will interact with the teacher.
- All of this is covered in prayer.

Please pray for our teachers as they begin this process and thank you for understanding that it is our goal to be fair and provide the best Christian education for all of our students.
