

XTREME GAMES is a fun-filled event in which 7th & 8th grade students are able to participate to help SCS raise funds. This year, we are fundraising in order to enhance our STEM/Science programs. Students will make teams of 8-9 students and make plans on how to enlist sponsorships or how to fundraise. Each team will need at least 1 parent advisor to help the team with their planning.

Please see the list of important dates below and the list of prizes that students can earn for their participation in this event. Additionally, please find the following items attached:
