

How to pack for your week at

Step 1 - Use the "What to bring list" below to be sure that you haven't missed anything!

Step 2 - Begin packing several weeks in advance to avoid last-minute shopping trips or scrambling for a must-have favorite shirt. Your child should help you pack so they know what they're bringing. Remember it's camp – bring older clothes that can get dirty!!!

Step 3 - Put your child's name or initials on everything--clothes, hat, swim suit, towels--with either a laundry marker or iron- or sew-on labels.
