

## Horse Riding Options

So many options to enjoy some time with horses ...

**Horsemanship Camps** - During the summer we offer horse camps as one option. The campers get to have 3 to 6 hours with the horses each day depending on their level. The camps follow sequentially based on their experience.

**Arena Lessons** - During family camps and some retreats we offer Arena Lessons for kids or adults. This is a chance for some basic horse instruction while on horse back in the confines of the sand filled arena. Great for learning or reviewing the basics.

**Instruction Hours** - during youth camps these Instruction Hours include some arena time, some ground classes, as well as a final trail ride at the end of the week.

**Trail Rides** - We have numerous trails throughout the 220 acres that camp sits on. Crossing creeks, heading up into the hills, and enjoying more of God's beautiful creation is all part of the relaxing experience.

**Little Dudes** - For the youngest horse lovers, we offer ground classes called Little Dudes. Kids have a chance to learn basics about horse safety, how to lead, and then have a chance for a horse led ride - but giving them a chance to have the reins for part of the time. This can be broken up into 4 or 5 lessons, or just for basic introduction one class can be enjoyed.
