

Kayaking Options

Whether it's kayaking on our lake at the camp or taking a trip out on the Mississippi - kayaking is a great activity that will be thoroughly enjoyed. We are thankful that the Mississippi provides a great location for a couple hour outing for kayakers - giving us a chance to enjoy more of God's beautiful creation with the possibility of seeing some great wild life; like eagles, turtles, blue heron, and much more depending on the day.

Kayaking is offered as an activity at the youth camps, and Mississippi trips are offered for Family camp (weather permitting), or booked groups.
