

August 2016

Dear Parents and Guardians:

Miramonte Christian School has been inspected for asbestos containing building material, as required by Environmental Protection Agency regulations adopted pursuant to the federal Asbestos Hazard Emergency Response Act (“AHERA”). As a result, we have developed an asbestos management plan (“AMP”) which contains all records of our activities relating to asbestos containing building material, including inspections, response actions, post response action activities, periodic reinspections, and surveillance activities.

We invite you to review our AMP so that you can more fully understand what plans or actions are in progress concerning asbestos containing building material.

There are four ways which you can access our AMP:

- 1) Come in to the school administrative office during our regular business hours and ask to see the binder containing our complete AMP.
- 2) Go to the Property Management Department of the Central California Conference of Seventh-day Adventists, at 2820 Willow Avenue, Clovis, California, and ask to see Miramonte Christian School’s binder containing our complete AMP.
- 3) On our website, www.miramonteschool.org, on the quick links tab find “**Miramonte's Asbestos Reports**”.
 - Click on that link and it will take you to the Central California Conference’s website.
 - Near the top of that page will be a heading: “Schools”. Click on that item and it will take you to the Conference Schools page.
 - In the upper left of that page, you will see a menu item labeled “Asbestos Reports”. Click on that item and it will take you to a new page.
 - Scroll down on that new page until you see the heading for Miramonte Christian School and the headings, “Management Plan”, “3 Year Reinspection” and “6 Month Surveillance”. You can click on any of these items and you will bring up the document in question.
- 4) You can go directly to the Central California Conference’s web page (<http://ccc.adventist.org/>) and follow the last three bullet points of step 3 above.

If you use the web page, please note that, as stated there, due to the volume of electronic data represented by a full set of documents in the AMP for every Conference school, the documents provided on the web page are limited to the three most important documents; to view a full set Miramonte Christian School’s AMP documents, you will need to use alternate 1) or 2) above.

Thank you for trusting us with your students. We hope this letter gives you even more confidence that the safety of our students always comes first at Miramonte Christian School.
