

NED Evangelism Committee

Mission

We exist to equip and encourage believers, build the church, and reach the lost.

Vision

Our vision is to see every believer and church in the Northeastern District fully mobilized to reach the lost. We desire to see souls saved, disciplined, and sent out to preach the gospel.

Strategy

Leadership Development

Our committee facilitates **Zoom Huddles** for outreach leaders and pastors. We know that outreach requires a team and we want to help develop and support your outreach team by sharing resources, connecting them with other leaders, and providing prayer support. In each Zoom Huddle you can expect to dialogue with experts from across the district in areas such as digital outreach, community organizing, training and development of volunteers, social media strategies, inspiring culture change, and much more!

We also provide **consultations** regarding your current online presence and physical building to assess for visitor accessibility and welcomeness.

Church Development

We provide an on-site workshop, called "**Share Jesus**" that can be tailored to the needs of your congregation. This event is held at your facility at no cost to you. It is fully funded by the district and can be a half day, full day, or multi-day event. Our team comes to your facility and provides trainings on the topics of your choice, for example: friendship evangelism, using your profession as a "mission" field, understanding your identity in Christ, knowing your "evangelism style" and spiritual gifts, breaking the ice to share the gospel with strangers and friends, and tools for sharing the nuts and bolts of the gospel. This workshop may be a stand-alone event or preparation for specific outreach event that your church may be having. In addition, it can include opportunities for street ministry if your church desires this as a component.

Matthew 4:19-20 - And He said to them, "Follow Me, and I will make you fishers of men." Immediately they left their nets and followed Him.
