

Missions Moment March 22, 2020

Matthijs and Rachel (& Abby) Trouborst

Serving at Carleton U. & uOttawa with P2C (Power to Change)

To receive prayer updates: matthijs.trouborst@p2c.com

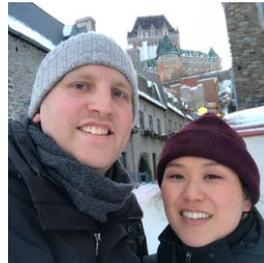

Excerpts from February 25:

"Dear Friends and Ministry Partners,

Thank you for your partnership with my ministry over the past... months. The new year got off to a bit of a slow start but this month has been quite busy.

*At the beginning of February, we had our annual men's event, **The Huddle**. We had close to 40 young men come out as we played snow football, ate meat and discussed the importance of friendship as Christian men.*

I was encouraged earlier this year as I heard some of our older students sharing how impactful previous men's Huddle events have been for them.

Would you join me in praying that this year's event would have a similar impact throughout the year?

*One highlight from our yearly Huddles is usually having non-Christian students attend. Such students are drawn into the Power to Change community on campus, and then eventually commence attending a local church with friends. **Would you join me in praying that we would journey well with such students as this, that God would soften their hearts? Pray that they might eventually come to saving faith in Christ.***

*A few weeks after this year's Huddle we hosted a panel discussion for our students on the topic of relationships, which we entitled "Family, Friends and More than Friends." Students were able to send in their questions and we invited a local pastor and his wife to join myself and one of my co-workers as we answered dozens of great questions from our students. **Would you pray that the overflow of this event will help our students foster healthy, Christ-centred relationships with their friends and family?***

Over this past weekend, Rachel and I got away to Quebec City to celebrate our fifth wedding anniversary. We are so grateful for the years God has given to us and for your support along the way."
