

Hello my friends!

We **visited Raya** with Dima (brother from our Church that works as doctor in International Medical Clinic) and he explained her daughter how to control blood pressure and blood sugar. She had 220 and 24.. We visited two elderly ladies with similar problems.

Dima said that we were like an ambulance (my van looks like one) he was the doctor and I was his driver-helper ☺

Aigul and Bolat have gone to orphanage #1 again last Thursday. And the director promised them **another 7-year-old girl** for foster care. Her name is Ayaulym. [Here](#) is a video of her. Now Bolat and Aigul need about three days to get all the papers ready and then, God's will we would be able to take her. Director was touched with the fact they have already taken an invalid baby and were taking good care of him. She also has health issues and we hope we would be able to help her overcome those.

Taking **children to a cartoon**. Brother Dmitry, who was baptized in Boston movement, then has been to our Church and the served 5 years in orthodox, now showed up again on Sunday. We are a little worried about him. He was married twice and divorced each time. But, anyway ☺, he got us free cartoon tickets and I took girls from another family we were helping, two of mine and Raushaniya with Rafael to cinema. They have served us free pop-corn and drinks which was a surprise to me! It was such a joy to me to bring joy to them! ☺

On Sunday after church we had **first youth picnic** in the nature. The weather was very nice and we had great time. [Here](#) are more photos on the Facebook page of our "Pulse" youth ministry.

Thank you for all your prayers and support!
Blessing,
Sasha.
