

## **Bad Weather Days**

A decision to close or delay opening of preschool will be made according to the weather forecast of that day.

Listen to **local** radio and television stations for District 6 school closings and delays. We generally follow closings and delays for District 6 Schools.

St. Matthew's will also use the runner on *local WSPA and Fox* television stations. It is possible that we have separate needs to open or delay than District 6 Schools.

We will post a message on the preschool office voice mail system.

A 1-hour delay: opens the early arrival program at 8:30 and preschool will start at 9:00.

A 2-hour delay opens the early arrival program at 9:30 and preschool starts at 10:00.

If weather conditions occur or worsen during the day while your child is attending, we will try to contact you and expect you to pick up your child. Please be sure your emergency contacts are correct and up to date.
