**How to Use a Prayer Chain**

Paper chains are a fun way to get kids excited about an upcoming vacation or holiday, or even to remind them about daily chores or routines. This chain, in particular, will help kids learn about the power and peace of praying to God while also helping to create a habit of daily prayer.

Each loop in this prayer-chain download is designed to help children to reflect on things in their lives that they are thankful for, such as parents and pets, or to have them think broadly about the world around them. It keeps children’s hearts focused on Jesus and teaches them how to pray.

This prayer chain can be used in a couple of ways. One way is to use it as a daily prayer reminder over the span of 12 days. Another idea is to use it as a full day of prayer (12 hours, 1 for each hour). Have children take off one link from the chain each day or hour, read what they could pray about, and encourage them to pray with you.
