Your Plan

Provider Directory

This directory provides a list of your plan's network providers.

This directory is for the plans and service area listed on the cover. It is not a complete list of network providers available to you. You can search for a network provider and print a directory online, which is updated weekly and available 24 hours a day, 7 days a week.

For the most up-to-date information about the plan's network providers that serve your area:

Visit **www.EricksonAdvantage.com** or call Customer Service toll-free at **1-866-314-8188**, TTY **711**, 8 a.m. - 8 p.m. local time, 7 days a week.

Providers are prohibited from discriminating against any member, with regard to quality of service or accessibility of services, on the basis of race, ethnicity, national origin, religion, sex, age, mental or physical disability or medical condition, sexual orientation, claims experience, medical history, evidence of insurability, disability, genetic information, or source of payment.

This information is available for free in other languages. Please call our customer service number on the cover.

Esta información esta disponible sin costo en otros idiomas. Comuníquese con nuestro número de Servicio al Cliente situado en la cobertura.

This document may be available in an alternate format such as Braille, larger print or audio. Please call Customer Service at the toll-free phone number listed on the cover.

The provider network may change at any time. You will receive notice when necessary.

Introduction

This directory provides a list of the plan's network providers. You must be a resident of an Erickson community to enroll in this plan. You may also receive certain covered services from out-of-network providers that participate in Medicare and accept the plan. You do not need a referral to see any network or out-of-network provider for covered services. To get detailed information about your health care coverage, please see your Evidence of Coverage.

What is a primary care provider?

A primary care provider (PCP) is the health care professional who provides most of your care.

Your PCP can help you:

- ☐ Make smart lifestyle choices to help improve and maintain your health
- ☐ Get preventive care and health screenings
- ☐ Better understand your medical conditions
- ☐ Coordinate any specialist care to help avoid duplicate and expensive tests
- ☐ Manage your prescriptions and identify possible harmful interactions

Select a primary care provider (PCP)

You will need to choose one of our network providers to be your primary care provider (PCP). PCPs are listed in the **Primary Care Provider** section of this directory. The term PCP will be used throughout this directory. You may also receive certain covered services from out-of-network providers.

Your PCP plays an important role in your health care and we want you to be comfortable with the provider you choose. Your local Erickson Advantage Customer Service Advocate can help you choose a PCP - simply call the toll-free number on your UnitedHealthcare member ID card, or visit the Member Services office within your community.

The difference between network and out-of-network providers

Network providers are providers that your plan works with to give you care. If you use a network provider, your out-of-pocket costs, which are costs paid by you, may be lower. Out-of-network providers are providers that we currently do not work with, so your out-of-pocket costs may be higher.

The network providers listed in this directory have agreed to provide you with your health care coverage. You can see a network specialist without getting a referral. In some cases, you may get covered services from out-of-network providers. If you have been going to one network provider, you are not required to continue going to that same provider. Check your Evidence of Coverage to make sure your plan includes additional routine benefits or that you've signed up for optional supplemental riders before making appointments for routine dental, vision or hearing services.

If I need emergency or urgent care

A **medical emergency** is when you, or any other ordinary person with an average knowledge of health and medicine, believe that you have symptoms that require immediate medical care to

prevent death, loss of a limb, or loss of function of a limb. The medical symptoms may be an illness, injury, severe pain, or a medical condition that is quickly getting worse.

If you have a medical emergency, get help as quickly as possible. Call 911 or go to the nearest emergency room or hospital. Emergency care can always be obtained in or out of the service area from the nearest available provider. Emergency services are also covered whether a provider is in our network or not. You or someone else should call and tell us about your emergency care, usually within 48 hours.

Urgently needed services is a non-emergency, unforeseen medical illness, injury, or condition, that requires immediate medical care. When out of the service area, urgent care may be obtained from the first available provider whether the provider is in our network or not. In addition, when out of the service area, you can obtain dialysis treatment from any qualified dialysis provider.

Out-of-network/non-contracted providers are under no obligation to treat Plan members, except in emergency situations. Please call our customer service number or see your Evidence of Coverage for more information, including the cost-sharing that applies to out-of-network services and which out-of-network services are covered.

If you get a bill

There may be times when you get a bill from a provider for the full cost of medical care you have received. If you get a bill, contact us. In many cases, you should send this bill to us instead of paying it. We will look at the bill and decide whether the services should be covered. If we decide they should be covered, we will pay the provider directly. Please see your Evidence of Coverage for more information.

If you're on Medicare and Medicaid

If you're a Qualified Medicare Beneficiary (QMB), your doctor may not bill you for deductibles, copays or coinsurance for Medicare-covered services, except for Part D prescription drug copays. Please show your UnitedHealthcare member ID card and your state-issued Medicaid member ID card when you see the doctor or use other plan services. This will help ensure you're billed for the correct amount.

Telehealth (Virtual Visits)

Virtual Visits are covered under your benefit plan. Not all medical conditions can be treated through virtual visits. The virtual provider will identify if you need to see an in-person doctor for treatment.

In addition to local providers that support telehealth (virtual visits), you can also visit the following providers that offer virtual care:

☐ AmWell, [Myuhcmedicare.com/virtualvisits](https://myuhcmedicare.com/virtualvisits)

Routine hearing care coverage

To get the most out of your benefits, choose a network provider for a routine hearing exam.

If you need hearing aids, the plan offers the benefit through UnitedHealthcare Hearing. If you have an audiogram from an existing hearing exam, UnitedHealthcare Hearing may use it to program your hearing aids. If not, your benefits may include a routine hearing exam that you can get at your PCP's office or from other network providers. To contact UnitedHealthcare Hearing call toll-free **1-855-523-9355**, TTY **711**. Or visit www.uhc hearing.com/Medicare

Introduction

Routine vision care coverage

To get the most out of your routine vision care benefits, choose a network provider from the **Vision Care** section of this directory.

Your local Erickson Advantage Customer Service Advocate can help you find a provider - simply call the toll-free number on your UnitedHealthcare member ID card, or visit the Member Services office within your community.

Dental services

Members whose plan includes additional routine dental benefits or who are enrolled in the Platinum Dental Rider should refer to the **Dental** section of this directory to choose a dental provider.

Organ transplant services

Your plan has a network of facilities that perform organ transplants (including the heart, lung, liver, intestine, kidney, bone marrow and/or pancreas). Solid organ transplants must be performed at a facility that is currently Medicare-approved for your specific type of transplant. The plan's hospital network for organ transplant services is different than the network shown in the "Hospitals" section of this provider directory. Some hospitals in the plan's network for other medical services are not in the plan's network for transplant services. The complete list of Medicare-approved facilities in your plan's network may change throughout the year. For information on network facilities for transplant services, please call Customer Service toll-free at **1-866-314-8188**, TTY **711** or refer to the transplant vendor website information listed in the "National Vendors" section of this provider directory.

What is the service area for your plan?

Your service area is listed below.

Erickson Advantage® Signature with Drugs (HMO-POS)

Colorado - Douglas county

Florida - Collier county

Kansas - Johnson county

Maryland - Baltimore, Montgomery, and Prince George's counties

Massachusetts - Essex and Plymouth counties

Michigan - Oakland county

How do you find network providers that serve your area?

Network providers that serve your area are listed in the following sections of this directory. To find a provider using this directory, turn to the Table of Contents on the next page and see where each section begins. Go to the section of the type of provider you are looking for. Once you are in that section, locate the city you live in. Under each city you will find a list of providers in alphabetical order.

You may have more providers to choose from if the service area shown above is larger than the service area shown on the front of this directory. You can also search for network provider online at **www.EricksonAdvantage.com**, which is updated weekly and available 24 hours a day, 7 days a week.

If you have questions about your plan or require assistance in finding a PCP, please call our Customer Service Department toll-free at **1-866-314-8188**, TTY **711**. Or visit **www.EricksonAdvantage.com**.

DME - DURABLE MEDICAL EQUIPMENT is certain medical equipment that is ordered by your doctor for use at home. DME includes but is not limited to: wheelchairs, crutches, hospital bed, IV infusion pump, oxygen equipment, nebulizer, and walker.

HOME HEALTH/HOME INFUSION CARE can either be a licensed facility or medical personnel that can provide health care services in the home. Services include but are not limited to nursing visits for infusion services or wound care.

LABORATORY means diagnostic testing including routine blood and urine analysis, anatomic pathology, surgical pathology, and specialty or esoteric services.

SPECIALTY PHARMACY PROVIDER provides specific drug products directly to customers or physicians.

WOMEN'S HEALTH is limited to home uterine monitoring services.

* This lab is a member of UnitedHealthcare's Preferred Lab Network. The Preferred Lab Network includes independent laboratories that have met high standards for quality, services, and affordability. Your costs may be lower when you use this network.

DENTAL

Make sure your plan includes dental coverage

Members whose plan includes additional dental services may see the following dental providers. If your plan does not cover additional dental benefits and you visit one of these providers, your services will not be covered.

Not all network dental providers may be included in this list. This list may change. For complete, up-to-date information, or to change your dental provider, contact UnitedHealthcare Customer Service at the toll-free number on the back of your UnitedHealthcare member ID card. Please see your Evidence of Coverage for details about plan benefits, limitations and exclusions.

This page is intentionally left blank.

VISION

Vision care

Members whose benefits include additional vision care, such as preventative eye exams and eyewear, may see the following vision providers. Not all network vision providers may be included in this list. This list may change. Please see your Evidence of Coverage for details about plan benefits, limitations and exclusions.

Note: For Medicare-covered vision care (medical conditions of the eye, glaucoma screenings, cataract services, etc.), see the **Specialists** section of this directory.

If your plan does not include additional vision care benefits and you visit one of these providers, your services will not be covered.
