This directory provides a list of your plan's network providers.

This directory is for the plans and service area listed on the cover. It is not a complete list of network providers available to you. You can search for a network provider and print a directory online, which is updated weekly and available 24 hours a day, 7 days a week.

For the most up-to-date information about the plan's network providers that serve your area:

Introduction

This directory provides a list of the plan's network providers. You must be a resident of an Erickson community to enroll in this plan. You may also receive certain covered services from out-of-network providers that participate in Medicare and accept the plan. You do not need a referral to see network or out-of-network providers for covered services. To get detailed information about your health care coverage, please see your Evidence of Coverage.

What is a primary care provider?

A primary care provider (PCP) is the health care professional who provides most of your care.

Your PCP can help you:

- ☐ Make smart lifestyle choices to help improve and maintain your health
- ☐ Get preventive care and health screenings
- ☐ Better understand your medical conditions
- ☐ Coordinate any specialist care to help avoid duplicate and expensive tests
- ☐ Manage your prescriptions and identify possible harmful interactions

Select a primary care provider (PCP)

You will need to choose one of our network providers to be your primary care provider (PCP). PCPs are listed in the **Primary Care Provider** section of this directory. The term PCP will be used throughout this directory. You may also receive certain covered services from out-of-network providers.

Your PCP plays an important role in your health care and we want you to be comfortable with the provider you choose. Your local Erickson Advantage Customer Service Advocate can help you choose a PCP - simply call the toll-free number on your UnitedHealthcare member ID card, or visit the Member Services office within your community.

The difference between network and out-of-network providers

Network providers are providers that your plan works with to give you care. If you use a network provider, your out-of-pocket costs, which are costs paid by you, may be lower. Out-of-network providers are providers that we currently do not work with, so your out-of-pocket costs may be higher.

The network providers listed in this directory have agreed to provide you with your health care coverage. You can see a network specialist or other network provider without getting a referral. In some cases, you may get covered services from out-of-network providers. If you have been going to one network provider, you are not required to continue going to that same provider. Check your Evidence of Coverage to make sure your plan includes additional routine benefits or that you've signed up for optional supplemental riders before making appointments for routine dental, vision or hearing services.

If I need emergency or urgent care

A **medical emergency** is when you, or any other ordinary person with an average knowledge of health and medicine, believe that you have symptoms that require immediate medical care to

prevent death, loss of a limb, or loss of function of a limb. The medical symptoms may be an illness, injury, severe pain, or a medical condition that is quickly getting worse.

If you have a medical emergency, get help as quickly as possible. Call 911 or go to the nearest emergency room or hospital. Emergency care can always be obtained in or out of the service area from the nearest available provider. Emergency services are also covered whether a provider is in our network or not. You or someone else should call and tell us about your emergency care, usually within 48 hours.

Urgently needed services is a non-emergency, unforeseen medical illness, injury, or condition, that requires immediate medical care. When out of the service area, urgent care may be obtained from the first available provider whether the provider is in our network or not. In addition, when out of the service area, you can obtain dialysis treatment from any qualified dialysis provider.

Out-of-network/non-contracted providers are under no obligation to treat plan members, except in emergency situations. Please call our customer service number or see your Evidence of Coverage for more information, including the cost-sharing that applies to out-of-network services and which out-of-network services are covered.

If you get a bill

There may be times when you get a bill from a provider for the full cost of medical care you have received. If you get a bill, contact us. In many cases, you should send this bill to us instead of paying it. We will look at the bill and decide whether the services should be covered. If we decide they should be covered, we will pay the provider directly. Please see your Evidence of Coverage for more information.

If you're on Medicare and Medicaid

If you're a Qualified Medicare Beneficiary (QMB), your doctor may not bill you for deductibles, copays or coinsurance for Medicare-covered services, except for Part D prescription drug copays. Please show your UnitedHealthcare member ID card and your state-issued Medicaid member ID card when you see the doctor or use other plan services. This will help ensure you're billed for the correct amount.

Telehealth (Virtual Visits)

Telehealth, also referred to as virtual visits, is covered under your benefit plan. You can access telehealth services from any network provider that offers virtual care. Telehealth services may include primary care, specialist care, physical therapy, occupational therapy, speech therapy, cardiac rehabilitation, urgent care and/or mental health care. Not all network providers offer virtual care and those that do may not offer it for all services indicated. Not all medical conditions can be treated through telehealth. Your provider may tell you that you need to see an in-person doctor for treatment. You can find out which network providers offer virtual care by looking for the telehealth indicator listed next to a provider's name within this directory.

For mental health visits, check with your local network provider to see if they support telehealth services.

Routine hearing care coverage

To get the most out of your benefits, choose a network provider for a routine hearing exam.

Introduction

If you need hearing aids, the plan offers the benefit through UnitedHealthcare Hearing. If you have an audiogram from an existing hearing exam, UnitedHealthcare Hearing may use it to program your hearing aids. If not, your benefits may include a routine hearing exam that you can get at your PCP's office or from other network providers. To contact UnitedHealthcare Hearing call toll-free **1-855-523-9355**, TTY **711**. Or visit www.uhchearing.com/Medicare

Routine vision care coverage

To get the most out of your routine vision care benefits, choose a network provider from the **Vision Care** section of this directory.

Your local Erickson Advantage Customer Service Advocate can help you find a provider - simply call the toll-free number on your UnitedHealthcare member ID card, or visit the Member Services office within your community.

Dental services

Members whose plan includes additional routine dental benefits or who are enrolled in the Platinum Dental Rider should refer to the **Dental** section of this directory to choose a dental provider.

Organ transplant services

Your plan has a network of facilities that perform organ transplants (including the heart, lung, liver, intestine, kidney, bone marrow and/or pancreas). Solid organ transplants must be performed at a facility that is currently Medicare-approved for your specific type of transplant. The plan's hospital network for organ transplant services is different than the network shown in the "Hospitals" section of this provider directory. Some hospitals in the plan's network for other medical services are not in the plan's network for transplant services. The complete list of Medicare-approved facilities in your plan's network may change throughout the year. For information on network facilities for transplant services, please call Customer Service toll-free at **1-866-314-8188**, TTY **711** or refer to the transplant vendor website information listed in the "National Vendors" section of this provider directory.
