Submit Your Photograph to the “This is Euclid” Contest

by Maria Palmisano

The City of Euclid will be sponsoring a contest through August 31, 2016 and participation is open to residents, employees, and visitors of Euclid.

Everyone is welcome to submit a memorable photograph of Euclid for a chance to have it showcased throughout storefronts on Lakeshore Boulevard in Downtown Euclid. The idea was borrowed from art students who proposed a plan for advertising available storefronts, while beautifying the area at the same time. A committee of residents, artists and other community stakeholders formed to propel the project to fruition.

The clings can be helpful in revitalizing multiple neighborhoods because once a vacant space becomes occupied, the clings will be relocated to other storefronts to help market those spaces.

This contest will feature photographs of all the great things about Euclid - including scenery, people, food, and much more. Vintage photos are welcome for submission, as long as the photo was taken inside city boundaries.

Photo enthusiasts are encouraged to take

photographs of Euclid on their smartphones and digital cameras, and send them to thisiseuclid.oh@gmail.com or tag your photographs with the hashtag #thisiseuclid on Instagram or Facebook so the photos can be viewed and voted on.

The committee's favorite photographs will be enlarged into window clings, and placed in Downtown storefronts. By having people take fun, interesting pictures, the window clings are a creative way to market both vacant storefronts, and the city as a whole, in an effort to spread awareness about what Euclid has to offer.

On Friday, September 23rd, 2016 there will be an art walk in Downtown Euclid to celebrate the winning photographs. Everyone is encouraged to attend and support local businesses as we get together and show off the city! Additional information is available at <http://www.cityofeuclid.com>.

We look forward to seeing your photographs! If you would like to help plan the art walk or be involved in the committee, please email thisiseuclid.oh@gmail.com

City of Euclid Installs a Shared Bike Path on Lakeshore Boulevard

“Sharrow” markings indicate a shared bike path and extend nearly the entire length of Lakeshore Boulevard in Euclid - from E. 185th Street to Lloyd Road.

by Allison Lukacsy

On Tuesday, July 19th, 2016, members of the City of Euclid Service Department began painting “sharrow” markings on Lakeshore Boulevard as the first step to installing a shared bike path in the curb lane of the street. The markings extend nearly

the entire length of Lakeshore Boulevard in Euclid - from E. 185th Street to Lloyd Road. Signage featuring a picture of a bicycle indicating bicycles may use full lane was also installed.

The project was prompted by a presentation by Euclid High School students Jessica Lisy, Nia Gatewood, and Dywayne Johnson titled “Wheel Make A Difference”. Their proposal was intended to create a safe environment for bicyclists through the installation of cycling routes along Lakeshore Boulevard and Euclid Avenue as well as bicycle racks in specific locations throughout the city.

Bicycle rack installation is complete at two of the students' suggested locations - Atlas Cinema and the Shore Center Shops. Euclid Avenue will be the next area of focus

From the desk of the Mayor

So often today, the media reports on the negative things happening in our communities. In a recent social media site, a resident shared her favorite things about Euclid and asked members to weigh in with their “favorite things.” The positive responses ranged from reviews of specific restaurants and stores to more general services, programs and places. After the tragic incidents that took place at Sims Park, it was wonderful to see how residents were focused on the strengths of our community.

Things that were mentioned include:

Sims Park, Our Lady of Lourdes Shrine, Paragon, Beach Club Bistro, Kristy’s, the people, Memorial Park, Great Scott Tavern, Lake Erie, my neighbors, Euclid Police Department, Euclid Fire Department, Ma-

ria’s, Carmella’s, Euclid Public Library, Memorial Pool, Skinny’s, Atlas Movies, Senior Center, Ice Rink, Lakefront, Golf Course, Easy access to downtown, the topography, Bagel Buddies, Wilke Hardware, the wild life, lots of industry, Lakeshore Coffee, Euclid Hospital, Wojtila’s Bakery, Euclid Creek, Home Depot, Eastside Irish American Club, Josh’s Family Meats, Henn Mansion, Fishing Pier, 200 Street Stroll, Paradise, Farmer’s Market, baseball diamonds, Wind Turbines, private beach clubs, side-walks, Euclid Soccer, Bronco’s Beverage, Adam’s, Euclid Animal Shelter, Polka Hall of Fame, Dairy Queen, Gyro George, Panther Swim Team, One Tree Yoga, Memorial Day Parade, Pond and Garden Tour, Summer at Sims, Learn to Swim classes, Euclid Brewery, Euclid Hunger Center, Cortina’s, Panini’s, Mama Catena’s, Sledding hill, Euclid YMCA, Euclid Orchestra, numerous parks around the City, Recreation department, Churches, Sts. Robert and William Festival, and so many more that I

may have missed.

I know it is easy to get lost in the problems our community faces, but I do believe that our success will come from taking a different approach – a community building approach that is focused on utilizing our assets, building relationships and developing partnerships to grow our community. Let’s make sure we support and take care of our amenities. Let’s not take what we have for granted!

I look forward to our community survey being conducted as part of our Master Plan process this month, a Photography Contest “this is Euclid” to utilize local artwork to brighten up vacant storefronts, and beginning a series of listening tours (see www.cityofeuclid.com for dates). I look forward to hearing what is important to you, what strengths you see in our community and what ideas you have for our future.

Ask an Officer

Question: How is it possible for people to forget their child in a car on a hot day?

Answer: Safe Kids-Safe Communities of Greater Cleveland through University Hospitals

Even the best parent can make a mistake or have a lapse in judgement. There may be a temptation to leave a child in a car for just a few minutes to run into the store, or let a sleeping child remain in the car after arriving home, but even a cool temperature in the 60s can cause the temperature to rise well above 110° within ten minutes. Some children die in hot cars after climbing into an unlocked vehicle without the adult’s knowledge. Children can become confused by the door opening mechanism and become trapped. Follow these tips to

- keep the littlest passengers safe:
- Never leave a child unattended in a vehicle.
 - Keep keys out of reach of children.
 - Do not let children play in unattended vehicles.
 - Never leave infants in parked vehicles, even with windows partially opened.
 - Make a habit of looking into the front and the back before locking and walking away.
 - Have your child care provider call you if your child is not dropped off as expected.
 - Always lock vehicle doors even in a driveway.
 - If a child goes missing, check the vehicle and trunk first.
 - If you see a child alone in a vehicle, call the police.
 - If the child is in heat distress in a locked

vehicle, get them out immediately.

- Routinely, call your spouse after you have dropped the child at daycare to confirm.
- Leave your purse or briefcase in the back seat.
- Keep a stuffed animal in the empty car seat and put this toy in the front seat when child is in the car seat.

for bicycle amenities.

The classmates were part of a group of 30 students participating in Dr. Joshua Stephens’ College Credit Plus political science class. On May 10th, 2016, the students presented their proposals to City Officials at Euclid City Hall. Ideas included the creation of a city-wide festivals like the annual Wind Fest at Sims Park and a City-wide week of volunteerism.

At a City of Euclid Council Meeting on Monday, July 18th Mayor Holzheimer Gail

presented a ceremonial resolution of recognition to Dr. Joshua Stephens’ and his students for their outstanding civic work to improve Euclid.

Bike Euclid, a citizen-led bicycle advocacy group, presented the three young bicycle advocates with t-shirts in recognition of their efforts and welcomed all cyclists to join Cleveland Critical Mass for the annual ‘Bike to the Beach Party & Campout’ on Friday, July 29th, 2016.

According to Jonathan Holody, Director

of the Department of Planning and Development, which coordinated the installation projects, the new shared bike path will connect Euclid and Lake County with the recently installed bike lanes on Lakeshore Boulevard in Cleveland. “The path not only encourages residents and visitors to bike to Euclid’s downtown, surrounding communities and lakefront parks, it also demonstrates the growing commitment to support safe cycling in our communities.”

Public Libraries in Cuyahoga County Raise Dialogue About Social Change

by Ashley Gowens

As communities grapple with the social implications of the shootings in Orlando, Baton Rouge, Minnesota, and Dallas in the past month, libraries across the United States are stepping up to offer resources and support. Issues of race, prejudice, inequity, and violence are challenging topics, but they must be addressed in open, safe and productive conversations if we wish to move forward as a nation. As President Obama stated in his July 12 speech in Dallas, “...if we cannot even talk about these things, if we cannot talk honestly and openly, not just in the comfort of our own circles, but with those who look different than us or bring a different perspective, then we will never break this dangerous cycle.”

Libraries throughout Cuyahoga County including, Cleveland Heights-University Heights Public Library, Cleveland Public Library, Cuyahoga County Public Library, East Cleveland Public Library, Euclid Public Library, Lakewood Public Library, Rocky River Public Library, Shaker Heights Public Library, and Westlake Porter Public Library, seek to support community dialogue around these critical issues and offer resources that can advance learning and understanding. Euclid Public Library Trustee Benjamin Chinni Receives Ohio Library Council Trustee Award of Achievement

EPL Trustee Benjamin Chinni

by Ashley Gowens

The Ohio Library Council, the state-wide professional association which represents the interests of Ohio’s public libraries, will honor long-time Euclid Public Library Board Trustee Mr. Benjamin Chinni with the 2016 Trustee Award of Achievement at this year’s OLC Awards and Honors Luncheon on Wednesday, September 28, 2016, at the Kalahari Resort. Mr. Chinni will be honored for his more than 21 years of service and commitment to the Euclid Public Library.

Mr. Chinni has been a member of the Board of Trustees since 1995. During his tenure, Mr. Chinni has served as the President and Vice President of the Board, the Personnel/Finance Committee Chair, and a member of Library Services and Policy Committees. As a stakeholder, he has spearheaded and supported library renovations, enhancements, and resolutions, which have

positively impacted the system’s technology and early literacy initiatives. His efforts as a Trustee have resulted in the mobilization of the library’s outreach department, allowing librarians to visit shut-in patrons and those unable to temporarily access the building with ease, in addition to the preschoolers and early learners in Euclid.

“We are thrilled to celebrate this achievement with Mr. Chinni,” said Euclid Public Library Director Kacie Armstrong. “He has not only been committed to serving as a Trustee of the Euclid Public Library, but he has supported libraries throughout the state of Ohio, and we extend our heartfelt thanks.”

Mr. Chinni’s labors have resulted in significant financial investments in equipment and staff training for technology, positioning Euclid Public Library as an information cornerstone in the Northeast Ohio community. While serving the Euclid Public Library, Mr. Chinni also volunteered to serve all state libraries as a member of the Board of Trustees of the Ohio Public Library Information Network.

Mr. Chinni is currently an Associate Regional Solicitor with the United States

Department of Labor where he provides trial litigation and general legal services to the department while assisting the United States Attorney in the prosecution of criminal cases.

Crime Stoppers

by Crime Stoppers Cuyahoga County

Crime Stoppers encourages members of the community to assist local law enforcement agencies in the fight against crime by overcoming two (2) of the key elements that inhibit community involvement: fear and apathy. Crime Stoppers provides an anonymous telephone number, Text Tips and Web Tips to encourage citizens in the community to volunteer vital information helpful to law enforcement agencies to fight against crime.

The Crime Stoppers program began in 1977 from the efforts of local police departments and the Cuyahoga County Chiefs of Police Association. Our program now operates as an independent organization. The concept has developed into a combination of efforts by local media, businesses, civic and social clubs, law enforcement agencies and the public. Donations of airtime, newspaper space, and reward monies have established Crime Stoppers as an effective tool to fight crime in the area.

The Crime Stoppers program is funded by private donations and fund raising. The reward money paid out by the program is from the fund raising and donations from concerned citizens and businesses. A community board of directors, made up of persons from throughout the area, meets on a monthly basis to evaluate arrests and to decide on the size of rewards to be paid, up to \$2,500. Rewards are then distributed in a private manner to the callers. Callers are eligible for rewards up to \$2,500, but, despite this, many callers choose not to collect their rewards.

Why do we need Crime Stoppers?

Euclid Police Department

by Kristina Chapman

I am writing on behalf of my husband, who was a businessman and resident of Euclid for 40 years.

John H. Chapman Jr.'s daughter, Tamara Wagner and her son David and his friend Ryan did a very caring thing. They put a note of appreciation and a flower on every Police car in Euclid, Wickliffe and Willoughby. They wanted to show their love and support for the many Police officers that guard their streets and keep everyone safe.

They, in their small way, were trying to show appreciation for all the police have done and let them know they are not forgotten. They are appreciated by the majority of us and are respected.

This was a very kind and caring thing to do and I hope this sends a message to everyone, no matter what the color of their skin is and what they believe, we all are people in this world together.

In light of the recent tragedies of gun violence and shooting and murders I know they were just doing their part to make their little corner of the world a better place. Maybe this will catch on. Who knows? Things must change before we are all in a society that is out of control.

Sincerely, Kristina Chapman

The Phone Call - Hotline 24/7

Calls are received at the local Crime Stoppers tips line phone. This phone is a stand alone instrument which does not provide caller ID, and conversations are not recorded. The information is taken, initial inquiries are made, and then it is passed to the investigating officer. Calls are accepted regarding any publicized request for information, such as “Crime of the Week” or any other crime(s) the caller has knowledge of.

By guaranteeing a caller's anonymity Crime Stoppers allows the caller to give information in a positive atmosphere without the prospect of retribution. By offering cash rewards for information leading to indictment or arrests, the program encourages otherwise reluctant callers to provide information.

The Online Web Tip / Text Tip

Tipsters now have the option of giving us tips online or texting. The process is completely secure and anonymous and is a very effective and efficient means of safely communicating with us in today's world. Our Web Tip & Text Tip process is powered by the world's leading online tip solution provider, Anderson Software.

The very unique integrated Two-Way Dialog capabilities not only allows the tipster to come back and provide additional information to their tip at any time, but also provides a secure means for the coordinator to ask questions or provide reward information back to the tipster through the same secure and encrypted interface.

Does Crime Stoppers Work? The answer is quite simply yes. Since the start of Crime Stoppers, many calls have been received resulting in thousands of arrests and recovery of substantial amounts of property. Calls have included information about murder, robbery, rape, assaults, drug and firearm offenses.

Does Crime Stoppers Work?

The answer is quite simply yes. Since the start of Crime Stoppers, many calls have been received resulting in thousands of arrests and recovery of substantial amounts of property. Calls have included information about murder, robbery, rape, assaults, drug and firearm offenses.

The success of a Crime Stoppers program cannot be purely judged on statistics; however, other benefits have come to notice:

- A greater awareness in the community that there is a crime problem.
 - A willingness by the community to fight back against crime if it is given the opportunity and motivation.
 - Improved relationships between police, media, and the community.
- Crime Stoppers is definitely here to stay. It has been accepted by police as a valid and effective investigative tool and the public, through its overwhelming response, appears to have accepted it as a more palatable alternative to traditional methods of giving information.

Community

Day with a Friend

by Patrick Henry
Euclid Creek flows north through 12 communities and nearby Euclid and Collinwood. The stream makes its way to meet Lake Erie at Wildwood Reservation of the Cleveland Metroparks. If it only could speak, the Creek could tell of its ancestors who were here when the area was covered by mile-high glaciers. An old and familiar landmark, so a group of 80 decided to get to spend a day getting to make a fresh acquaintance

started at the Metroparks newest reservation, the former Acacia Country Club. Volunteers of the Friends of Euclid Creek monitor the creek's water quality showed how they sample biology and chemistry features of the stream. Others took to the hiking paths to witness how a manicured golf course is being reclaimed by nature -- every day a little bit more.

Further down the Creek bed, the next stop was at Greenwood Farm. Participants helped gather and identify bugs living in the water. Macroinvertebrates are indicators of water quality. Some of those bottom dwellers refuse to live anywhere near pollution, so finding them said good things about the Creek.

The final stop was at the mouth of Euclid Creek where it flows into the Lake. This freshwater estuary is becoming a nursery for young fish. A naturalist demonstrated the varied species of Erie's fish. These were alive and swimming in glass containers. One Lake species, a Pumpkin Fish, showed striking red and orange colors which observers compared to what might be found along an ocean reef. For many, this was a rare, close-up opportunity to see fish, other than as a Lenten patty on a bun.

There She Sits Buddy, Just A Gleaming In The Sun

If you need a car, Rick Case Honda is the one. My old car had 240,000 miles on. I loved that car, but it was costing me \$300 a month in repairs and \$400 a month in gas. Then the transmission broke. Time for a new car.

On a snowy morning a year and a half ago, I got a ride to Rick Case Honda on East 200th. Two hours later I drove home in a brand-new Honda Fit. I had a wonderful car buying experience. I did have some money for a down payment, but I did not have the best credit score. The efficient staff handled it effortlessly.

Welcome Back OLL Students!

A Back to School Message from the Principal

We're glad to be opening the doors to our students in August

By Rita Kingsbury, Principal,
Our Lady of the Lake School
I remember the excitement surrounding the start of a new school year when our five children were in elementary school. We would spend hours at Schoolbelles on Lakeside Avenue choosing jumpers, skirts, pants and shirts. Then there were the all-important school supplies, choosing just the right book bag, pens, pencils, and notebook assortment. This was always a special family time. We would wonder which teacher each child would be assigned and counted down the days to that first day of school. Now, years later, as a principal, I always try to put myself in our parents' place and remember how exciting, but also stressful this time of year can be! It can be especially challenging if you happen to be

starting at a new school. At Our Lady of the Lake School, we try to be as welcoming, supportive and encouraging as we can be. We understand that families are sharing their precious children with us for a good portion of each and every day. That is why we work very hard during the summer months to have everything in place for the start of our year together. What can we look forward to in our 2016-2017 school year? Here are a few thoughts:

1. Daily prayer, weekly liturgies, all daily activities and lessons deeply rooted in the Gospel message of Jesus Christ
2. Highly involved and supportive families
3. Safe and secure environment – physically and socially
4. Two classrooms in every grade with cre-

Classrooms will be full again in August. Here, Margaret Lyons, Superintendent of Schools for the Diocese of Cleveland, visits students at Our Lady of the Lake

- denialed, highly competent, enthusiastic teachers

5. Small class sizes

6. Daily Spanish class for grades six through eight

7. Off site, hands-on learning experiences-museums, Cleveland orchestra, historical sites, 8th grade trip to Washington D.C., nature centers

8. STEM program including activities twice a week for grades three through seven, along with a school wide STEM week in October culminating with a STEM showcase day open to our entire community

9. Enrichment program

10. Tutoring and Intervention offered daily

11. Counseling services available three days per week – individual, small group and school wide

12. Art classes three times per week

13. Music classes three times per week

14. Band program

15. Wilson Reading Program for grades K-2 to ensure student success
16. A Chromebook for every student in grades six through eight

17. iPads available daily for all students

18. Campus wide WiFi with technical support

19. Online grading and notification system for families

20. After school care program until 6:00 p.m. with a variety of activities for students

21. After school clubs and activities – Chess club, Sewing club, Grub club (after school snack/food preparation and nutrition for our younger students), guitar lessons, Spanish club – just to name a few

22. CYO sports program with an active Boosters organization

This is just a short summary of some of the many ways that we serve our families at Our Lady of the Lake. We look forward to our new school year with anticipation and excitement. God bless all of us during these remaining days of summer.

Backpack Blessing and School Open House

The backpack blessing is a cherished tradition at Our Lady of the Lake, both for students and for parishioners. Our Lady of the Lake continues a cherished annual tradition, with the Backpack Blessing on August 21. For this special youth Mass we invite students and families to gather for a blessing before starting back to school. It's a wonderful opportunity to support and encourage all our young scholars. All are welcome!

School Open House will begin immediately after Mass. Students and parents are encouraged to visit classrooms, drop off school supplies and say hello to teachers, staff and friends. We love the energy that comes with back to school time, and are so excited to share all the great things we've been working on over the summer. This is going to be a great year at Our Lady of the Lake School! Please stop in and visit us.

School Starts August 24

The first day of school at Our Lady of the Lake is August 24 -- and we can't wait to meet new friends, and see our old friends again. We hope everyone has had a wonderful summer!

“PAW-sta” Party Aug. 14 to Support Animal Shelter

by John Sheridan

Apparently, animals aren't very familiar with the word “Pasta” – so for this fund-raising event, the Euclid Pet Pals group came up with an appropriate substitute – PAWsta.” Pretty cute, we'd say.
• The important thing is that the proceeds will benefit the Euclid Animal Shelter on the south marginal road (Lakeland Blvd.) between Babbitt Road and East 260th St.
• The event is scheduled for Sunday August 14, from 2 p.m. to 6 p.m. at the Irish American Club at 22770 Lakeshore Blvd. Tickets are \$30 per person for the pasta dinner, including open bar with beer and wine. A Chinese auction and entertainment are also planned.

Tickets are now available at the Euclid

Animal Shelter, 25100 Lakeland Blvd. They can also be purchased at the door on the day of the event, or by e-mailing your request to: Biergrl66@gmail.com. (It helps the planners if people order tickets in advance, in order to be able to estimate how much food and beverages will be required.)
Patrons of the Euclid Animal Shelter who are unable to attend might want to consider supporting the event by donating auction items such as gift cards, wine, candles, event tickets or other desirable items. Naturally, cash donations are always welcome. If you have any questions, please direct them to Biergrl66@gmail.com.

Euclid Welcomes Two New Stores

Mayor Kirsten Holzheimer Gail and other community leaders celebrate the grand opening of a new Dollar Tree store in the Indian Hills Shopping Plaza.

by Jonathan Holody

This summer has brought more than just warm weather to the City of Euclid - two new retail establishments have opened in our community.

On June 14, a ribbon cutting celebration was held to mark the grand opening of a new Dollar Tree store at 19001 Euclid Avenue. Located in the Indian Hills Shopping Plaza, the store features a freshly paved parking lot and new storefront. Inside, shoppers will find friendly staff members and nicely organized isles.

All items sold at Dollar Tree are only \$1, and the store carries everything from food to gift wrapping.

In Downtown Euclid, Hibbett Sports has

opened a new store on Shore Center Drive next to Aaron's Appliance Rental - between Burger King and Dave's Supermarket. Based in Birmingham Alabama, Hibbett Sports now has stores in 33 states. The next closest location to the new Euclid store is in Akron.

Hibbett Sports features a wide selection of sports apparel including shoes for all sporting occasions. The knowledgeable staff will help you decide what kind of gear is most appropriate for your activity. Besides being a fantastic addition to Downtown, they also carry Cavs merchandise and Levi's jeans!

Be sure to visit both of these new stores and welcome them to Euclid.

Large Crowd Attends Heritage Home Program Information Session

Tom Jorgensen of the Cleveland Restoration Society discusses the newly-available Heritage Home Program at an informational session at Euclid City Hall.

by Jonathan Holody

Almost every seat was full in Euclid City Council Chambers on July 27th as roughly one hundred people turned out to learn about the newly available Heritage Home Program. The information session was conducted by Tom Jorgensen and Colin Compton of the Cleveland Restoration Society, which administers the program.

After a brief welcome by Mayor Kirsten Holzheimer Gail, the speakers explained the Heritage Home Program and answered questions from the audience.

The Heritage Home Program is now available in the City of Euclid through the end of this year. The centerpiece of the program is the free technical assistance that is provided to homeowners. Through this service, homeowners receive consultation and advice from highly-qualified staff to better ensure a proper and successful renovation project.

Homeowners that are in need of financing for their home-improvement project may also qualify for a low-interest loan through the Heritage Home Program. The program provides loans at a 2% fixed rate in the amount of \$13,000 to \$150,000.

To be eligible for the loan program, the house must be at least 50 years old. Both interior and exterior projects are eligible for financing by the program. The types of projects not eligible for the program are vinyl siding, vinyl windows, swimming pools, non-built in appliances, and, incompatible additions and building materials.

If you are interested in learning more about the Heritage Home Program or need any questions answered about how to care for your older home, do not hesitate to contact the Cleveland Restoration Society at (216) 426-1000 or visit the website at: <http://www.clevelandrestoration.org/homeowner/>.

Walk to Remember Raises Nearly \$200,000 for Hospice of the Western Reserve Patients, Families

During opening ceremonies, Leon Bibb expressed gratitude for his mother's care and read a poem he wrote in her memory.

A "sea of blue" stretched as far as the eye can see as 2,400 people walked in memory of their loved ones.

by Laurie Henrichsen
Community spirit, dedicated workers and volunteers, and Mother Nature each had a part in making Hospice of the Western Reserve's Walk to Remember 2016 a huge success. Sponsored by FirstMerit Bank, the annual fundraiser drew more than 2,400 walkers to the Cleveland Metroparks Zoo on June 12 to celebrate the memory of their loved ones. More than \$200,000 was raised to help fund special programs and services provided by the nonprofit organization.

News anchor Leon Bibb of WEWS TV 5 was a special guest of honor. He expressed his gratitude for the care Hospice of the Western Reserve provided to his mother, and for the support of his family, and shared a moving poem he wrote in his mother's memory. The Burning River Roller Derby Girls skated to the front of the pack to kick off the Walk, and the popular local band, InCahootz, provided live entertainment. Face painting, crafts, chair massages and Reiki were among the many

special activities available to teams of walkers during the event.

"We're so grateful for the community's support of our mission," said Bridget Murphy, corporate giving and special events manager. "People we have helped frequently become our biggest community ambassadors. Because they were helped, they feel a desire to reach out to help others. Walk to Remember provides a meaningful way to honor their loved ones while helping other families going through a difficult time."

Funds raised allow the nonprofit community agency to provide a multitude of extra services not covered by Medicare and private insurance. These include more than \$1.5 million annually in hospice charity care, a specialized pediatric palliative care team to support families of children with life-threatening illness, free community art therapy and grief support groups, grief and trauma support in local schools and much more.

Five-Year Cancer Survivor from Eucild Celebrates Life with more than 140 Fellow Survivors from Across the Country

Five-year cancer survivor, Coleen Harris, stands alongside her commemorative tree, which symbolizes her strength and resilience. Harris stands with Interim President, Cancer Treatment Centers of America® (CTCA) Hospital Operations, Anne Meisner. Harris' name, along with all of the one hundred and forty four 2016 five-year celebrants, is prominently displayed on an engraved gold leaf on one of the four "Trees of Life" located within the hospital.

by Jack Meehan
Coleen Harris, a breast cancer survivor from Eucild, Ohio, joined more than 140 five-year cancer survivors on Friday, June 10, 2016, for Celebrate Life®, an annual day of empowerment and celebration conceived by Cancer Treatment Centers of America® (CTCA) at Midwestern Regional Medical Center (Midwestern). This was the 28th year that CTCA® at Midwestern has held Celebrate Life, and a record number of patients and caregivers participated to mark the occasion.

Harris and the other celebrants, representing 32 states, including Hawaii, were transported to the event on large Coach buses and escorted, with lights flashing, by members of the Zion, Ill. Fire-Rescue

Department. Upon arrival, the celebrants stepped on to a red carpet, lined on both sides with hundreds of supporters comprised of family, friends, doctors, nurses and members of the community. The survivors united as a group for inspirational opening remarks before participating in a commemorative tree planting ceremony. Every year, a tree is planted in honor of each five-year cancer survivor, providing the nation with a forest of life-giving trees that represent cancer survivorship. Each survivor is also honored with an engraved gold leaf, which is proudly displayed on one of four blossoming "Trees of Life" located within the hospital.

"Patients and families who come to CTCA do so with a great sense of hope," said Scott Jones, president and CEO of CTCA at Midwestern. "We honor, respect and share in that hope year-round. We especially look forward to the month of June, when we get the privilege of celebrating with our five-year survivors during Celebrate Life. This day is a testament to the strength and perseverance of all cancer survivors."

As celebrants and their families enjoyed the festivities, they shared stories of survivorship with one another and took time to visit patients within the hospital who are in the midst of their cancer journey, offering words of hope and support. Many also reflected on moments they've been able to share with their family, or how they view life through a new lens due to their cancer journey.

"In the past five years I've grown as a person mentally, emotionally and spiritually," said Harris. "It has not been easy, but cancer gave me the courage to be a better, stronger individual. Being a five-year survivor makes me realize how beautiful life is. I feel hopeful, and I feel positive."

Before the day concluded, each celebrant and their guests enjoyed a gourmet lunch prepared by the culinary team at CTCA, during which time more stories were shared, friendships were formed, and memories were made.

Maria’s - New Location - Same Great Food

by John Copic
Maria’s restaurant has moved to a new location just a few doors down. You may now enter through the rear of the building, and place your car in the very convenient large

lot. They have the same great hours, 6 AM to 3 PM seven days a week. The new spacious location boasts eight large flat-screen TVs, four of them tuned to the popular Keno channel. My friend had the bacon and cheese

omelette, which came with the large quantity of excellent home fries. I had a special and the food came out quick. I am also pleased to report that the bacon passed the bacon test, crisp and delicious.

Our server was very attentive, and I have to say the coffee was surprisingly delicious. When you are hungry for breakfast or lunch, remember to stop in at Maria’s new location. Same great food, same great service.

Great Scott is Open For Lunch

by John Copic
I stopped in to visit Bob the manager at Great Scott last week and had a very delicious lunch. The friendly hostess sat us immediately in the well lit and inviting dining room. Our server Melanie was just perfect. The timing

of our hot and delicious soup, followed by our lunch was just right. My friend had the Cobb salad which had a generous portion of crisp real bacon, and delicious dressing. I ordered the grilled cheese which was served piping hot, with a generous portion

of French fries and a delicious pickle. How lucky we are to add this beautiful restaurant to one of our choices for lunch in the neighborhood.

Bistro 185 Breakfast For Dinner is a Winner

by John Copic
On a hot summer night would you sit at a cool local restaurant and have breakfast for dinner? You should.

I really enjoy sitting at the bar in Bistro 185. I’m sure the service is wonderful in the dining room but Richie Stein (voted one of Cleveland’s best bartenders) or his protégés Zack really give a great dining experience.

On my last trip to the Bistro I started off with steak burger sliders. Served on toasted French baguette’s and topped with bacon, barbecue sauce, sharp cheddar, and crispy onion straw’s they are delicious. I also could not resist the devil eggs made with pickled egg whites. The crowning achievement of the evening however was the 14 ounce ribeye, served with fried eggs, pickled red

onions, hollandaise sauce, and hand cut fries. Steak and eggs were not the only breakfast available for dinner this night. French toast with berries and whipped cream, and Mexican corn cakes topped with fried eggs and avocado cream were also on the menu on this magical night. I am pretty sure the breakfast for dinner theme is a Thursday night idea. But it really doesn’t matter what

night you go. The menu changes daily, and there will be something amazing for you. Don’t leave without some handcrafted desserts made by Vicki. I usually take home a slice a carrot cake, but it is so hard to pick, they all look so delicious. Stop in and see Richie or Zack. Tell them the Observer sent you.

The Way It Was 50 Years Ago in Euclid

FIFTH IN A SERIES. Note: The following news, sports, and other items were based on editions of the 1966 Euclid News-Journal, the city’s former weekly newspaper.

by John Sheridan

MARCH 3, 1966 – The Euclid Board of Education is engaged in discussions on the 1966 appropriations measure which is on the agenda for its March 14 meeting. The board is expected to approve a record General Fund outlay of \$7,935,000 – and a total budget exceeding \$13 million.

Also being discussed are plans to expand Euclid’s Panther Stadium (now known as the “Sparky DiBiasio Stadium” -- in tribute to the popular former Euclid Schools Superintendent.)

“Additional seating was promised some time ago,” notes Board president William Tomko. However, Rev. William Fortner, a Unitarian minister and the board’s public relations chairman, said he didn’t know how much of the budget’s rehabilitation fund would be spent on the stadium. “We haven’t come up with a concrete proposal yet,” he explained, although he did estimate that \$175,000 might be spent on new stadium seating and repairs. Also proposed are more stadium locker-room space and an adjacent storage room.

Jay W. Collins, executive director of Euclid-Glenville Hospital (now the Cleveland Clinic’s Euclid Hospital), is elected chairman of the Euclid YMCA Board of Managers. Collins previously served the Y Board as a member of the executive committee and chairman of the finance committee. In 1963, he served as general chairman of the YMCA’s building fund campaign.

School Superintendent Dr. Spartoco (“Sparky”) DiBiasio was elected to the post of first vice chairman of the Y board.

A cast of 200, including members of the recently organized Blade and Edge Club, is preparing to stage the sixth annual “Ice Frolics” show at the Memorial Ice Arena on March 6. Theme of the event is “A Salute to American Composers” – featuring music by George Gershwin, Rodgers & Hammerstein, and others.

The Blade and Edge Club segment is expected to feature skaters gliding to selections from “The Sound of Music.”

Among the performers lined up by director John Terango, Euclid’s assistant recreation director, are soloists Julia Sutphin, Jane Dunbar, and George Prokop. Choreographers are Betty Heiss Barnes, a former “Ice Capades” star, and Barbara Squire Vero, a former “Ice Follies” performer. (Due to deadline pressures, the Observer was not able to confirm whether or not Betty Heiss Barnes was related to Carol Heiss Jenkins, an Olympic gold-medal winner for the USA.)

The scenery for the ice show was painted by Euclid High and Shore Junior High artists, under the direction of Ted Theodore and Art Cippolo. (Theodore, a former art teacher and track coach at Euclid High, and his wife Irene now live in Cuyahoga Falls.)

Eight Euclid Panther matmen placed in the sectional tournament – but only seven of

them will advance to the rugged District tournament at Mayfield High. Dan Ballantine, who finished 4th in the sectional, incurred a rib injury and will be unable to continue. (At the District meet, his first opponent

bel (165), and Ron Tumbry – the sectional heavyweight champion. In the title round, Tumbry edged the Panthers’ Tolchinsky by a narrow 3-2 margin.

Meanwhile, St. Joe track coach Jim McDonough has high hopes for his runners, jumpers, and throwers as the spring sports season approaches. In fact, McDonough is predicting that the Vikings could capture a state championship in 1966. (In the previous fall, his cross-country squad did win a state title.)

McDonough expects strong seasons from two of his distance runners – Jim Slusser and Len Gornik, who set a school record in the mile run with a time of 4 minutes, 28.5 seconds.

On the retail scene, the Value City store at 22400 Shore Center Dr. is advertising 20-gallon plastic trashcans for just \$1.74 and Nestle candy bars for a mere 4 cents. It also offers women’s fashion shoes for \$4.40.

Also, Smith’s Restaurant & Cocktail Lounge at East 222nd & Lake Shore Blvd. is promoting its St. Patty’s Day party featuring Irish dinners for \$3 per person.

In one of its most ambitious ventures ever, the St. Joseph High Student Council has booked “The Brothers Four” – one of the nation’s top folk-singing groups – to give a three-hour concert in the school auditorium on March 18. It will be the folk group’s first Cleveland-area appearance. To persuade “The Brothers Four” to perform at St. Joe’s, the Student Council had to agree to a \$3,500 contract -- quite a sum for a school event.

“They wanted to sponsor something big,” explains Bro. Philip Aaron, the school principal. “They were so enthusiastic about this project that I had to go along with them.”

Proceeds from the concert will benefit the Bergamo Center for Christian Renewal, a Marianist retreat house in Dayton, Ohio.

Euclid’s district qualifiers included two sectional champions – Rich Piscopo (133 pounds) and Randy Jordan (138). Other Panthers advancing are: John Meros (103), Pete Goulis (120), Steve Piscopo (127), Bill Cathcart (145), and heavyweight Al Tolchinsky. As a team, Euclid edged Mayfield, 74-72, to earn the sectional crown.

Lloyd Road Throne is No Game

by O’Hare Jim

Creativity, craftsmanship, and hard work result in unique neighborhood landmark

When an overgrown, dangerous tree was felled at Tony Zingale’s property on Lloyd Road, all that remained was a large and strangely shaped stump. That’s when an idea popped into the head of one of Zingale’s triplet sons: why don’t we make that stump into a chair?

Enter Euclid resident and woodworker James Roodhouse, who volunteered to kick that idea to the next level: why not make it into a throne? Zingale was quickly sold on the concept, and Roodhouse began transforming that rough stump into a fine work of art.

in his spare time, over a period of a few weeks, Roodhouse sawed, chopped, whittled, shaped, sanded, carved, stained, and coated the stump into a traffic-stopping, one-of-a-kind creation. After over 60 hours of Roodhouse’s time and talent, what now stands is something that, ironically, can be sat upon. It’s also, literally, a traffic stopper.

Roodhouse says that while working on the throne, every person that walked by would stop to talk, marvel at the progress, and ask questions. Drivers stop, too - in fact, one stopped to snap a photo at the same moment these photos were captured. “We almost had a collision here last week,” Roodhouse said. “A car stopped suddenly to look, and the car behind just missed hitting him.”

But why wouldn’t the interests of passersby so intense? The unique shape, the custom staining, the carving of “Zs” into the sides of the chair and a cockatiel (in memory of the Zingale family’s pet of 19 years) carved into the back of the throne – all worth inspection and admiration (but probably not a traffic accident).

So if you’re strolling or driving down Lloyd Road, look for the Zingale/Roodhouse throne, a fun and notable addition to the neighborhood. And if you’re interested creating a “throne of your own” or some other unique creation, James can be reached at jproodhouse@gmail.com. watershed.

Bob’s Corner

by Bob Payne
He said. She said.

I was recently told that an acquaintance was talking badly about me. The person telling me wanted me to know all the details of exactly what was said. I told them that it doesn't really matter, and that I didn't care to hear about it.

People can be cruel. They can make things up about you, spread rumors or run you down for no reason. What's the best way to handle it?

Personally, it's taken me many years to learn that what others think about me doesn't matter. It's none of my business.

In life, you can try to make others understand your experience or your point of view, but they may not. You cannot make others like you, or love you, the way you want. They are individuals and separate from you. You have no control over someone else's life, thoughts or feelings.

All you can do is live your life, and allow them to live theirs. If there is friendship or love to be had, it has to be mutual and freely given. That has value.

I've found that most often, a person's idea of you is simply a reflection of themselves. What comes out of people's mouth is whatever is in their heart.

So, the question becomes how do you treat that person? Remember, how you treat them is a reflection of you.

Please don't misunderstand me. Sometimes you must end relationships because they are unhealthy, and that may be the right thing to do for your own wellbeing.

But, the acquaintance who put me down will find that I do not treat them differently. That doesn't mean that I am in any way special, or better than anyone else. I'm not. It just means that I want the cycle to stop. Here. Now. To me, that's the right way to handle it.

Does this apply to anything in your life?

Mary Turk turns 100!

by Bob Payne
Mary Berkopce Turk turned 100 years old on July 25th, and was honored with a Proclamation from Mayor Kirsten Holzheimer-Gail at the Euclid Senior Center.

Mary has had an interesting life. She grew up in a happy home where "Manners, Morales and Modesty" was a motto. She remembers the Great Depression and how her mother would make extra soup and homemade bread that she would feed to the hungry people in the neighborhood. Mary said that it was always impressed upon her to seek to understand others and to be generous and giving. Mary recalled many family get-togethers where they would gather and eat homemade bread and sausages and drink homemade wine.

Mary worked at Thompson Products in Euclid at the beginning of WWII, putting together airplane valves. Mary remembers putting notes of encouragement to the troops into each box. She ended-up enlisting in the Army Air Force and served in the Pacific Overseas Technical Service Command at Alameda, California. Mary has been active in the veterans group, Women In Military Service of America.

Mary said she doesn't look forward to too much anymore, and she wishes she could go back and start all over again. She has thoroughly enjoyed being with people.

Mary is widowed, and said that the thing that made her happiest was being Mrs. Albert Turk for 46 years. She said her life has been mostly happiness and laughter.
