

Inductive Study Method, June 3-July 15, 6:30-8p, led by Karie Lee

Observation. Interpretation. Application. These three skills are not only instrumental but crucial to fulfill Paul's exhortation to Timothy, to handle the Word of Truth so that we may present ourselves to God as one approved, and without shame (2 Timothy 2:15).

Join us for a 6-week study to learn and grow deeper in your ability to inductively study The Word of God. This hands-on workshop will equip you with tools and practices to apply any future Bible study.

What does observation look like? What are some different ways to observe so that we may gain the accurate view of the passage? What are some various interpretation practices and rhythms we can incorporate into our study?
