Jeffrey Hollender, et al

DVDs

[e²:energy](#)

PBS film series on sustainable energy solutions

[e²:greendesign](#)

PBS film series on sustainable energy solutions

[Where Do the Children Play?](#)

A PBS documentary about the vital importance of open-ended creative play for the healthy development of children.

[Blue Gold: World Water Wars](#)

This PBS film examines the environmental and political implications of the planet's dwindling water supply, and posits that wars in the future will be fought over water. The film also highlights some success stories of water activists around the world and makes a strong case for community action.

[Gasland](#)

A documentary exploring the controversial process of hydraulic fracturing (fracking) to recover natural gas from shale deposits.
