ANSWERING THE CALL FOR CARE
Investing in Nursing Workforce and Research Matters

58 National Nursing Organizations
10+ Years of Advocacy
1 MILLION+ Nursing Members
How the Programs Serve the Community

The Nursing Workforce Development Programs (Title VIII of the Public Health Service Act [42 U.S.C. 296 et seq]) help meet the nation’s demand for nursing services by addressing all aspects of nursing education, practice, recruitment, and retention. Their focus is to address the needs of rural and underserved communities, where nursing care is critical to improving health outcomes and wellness.

Advanced Nursing Education Grants, Advanced Education Nursing Traineeships, and Nurse Anesthetist Traineeships
Support those studying to become our nation’s nurse practitioners, clinical nurse specialists, certified nurse-midwives, certified registered nurse anesthetists, nurse educators, administrators, public health nurses, and other nurses requiring a master’s or doctoral degree.

Nursing Workforce Diversity Grants
Help recruit and retain students from diverse and disadvantaged backgrounds to the nursing profession—increasing access to quality, culturally sensitive patient care.

Nurse Education, Practice, Quality, and Retention Program
Helps schools of nursing, academic health centers, nurse-managed health clinics, state and local governments, and healthcare facilities meet shifting demands in health care through innovative programs.

NURSE Corps Loan Repayment and Scholarship Program
Helps ensure nursing students and nurses enter into practice where healthcare facilities have a critical shortage of nurses, most often in health professional shortage areas and medically underserved regions.

Nurse Faculty Loan Program
Supports graduate students committed to serving as faculty members to educate the next generation of nurses.

Comprehensive Geriatric Education Program
Addresses the education of nurses who will provide direct care to America’s aging population.

Map of Title VIII Funding

National Institute of Nursing Research

As one of the 27 Institutes and Centers at the National Institutes of Health (NIH), the National Institute of Nursing Research (NINR) funds research that establishes the scientific basis for quality patient care.

Did You Know That Nurse Scientists...

- Conduct genetic, genomic, and omics research
- Transfer big data to knowledge
- Lead team science
- Engage in precision health initiatives

FY 2017 NINR Appropriations as a Portion of the NIH Budget

Total NIH Budget ($34.084 billion)

NINR Appropriations ($150.273 million or 0.44% of NIH appropriations)

Federal Funding for NINR Programs by State in FY 2017

Less than $1M
Greater than $1M
Greater than $2M
Greater than $3M
Greater than $5M
Greater than $7.5M
