

2018 Conference Treasurer's Report

Living Out
The **POWER**
of We

It was through your generosity in 2018 that the United Methodist connection, both in the world and in Mississippi, was provided with the funds needed to do the ministry that the Mississippi Annual Conference was called by God to do. **THANK YOU, for your Generosity.** In this 2018 Treasurer's report, I want to share with you how your United Methodist monetary gifts made a difference in peoples' lives. We funded the ministry by four (4) different means:

1. Our Mission Shares
2. Our giving to United Methodist ministries through the Treasurer's Office
3. Direct giving to local United Methodist Charities
4. Giving to non-United Methodist benevolences directly.

The Conference Generosity Team initiated our "ribbon" program in 2017. Members of conference who attend a church that gave second mile gifts through the conference treasurer's office will have a ribbon on their name badge indicating their Generosity to each of 10 areas. The 10 areas are in Group 2 above and are:

1. General Church Special Offerings
2. Annual Conference Offering
3. Mississippi Methodist Senior Services Day
4. Conference Emergency Preparedness – UMCOR
5. Baddour Center Day
6. The Methodist Children's Home Day
7. Conference Benevolences
8. MS Methodist Colleges
9. Camping Ministry
10. Board of Global Ministries (Missionaries, UMCOR and Heifer Project, etc.)

We continued our past practice of stickers on the name badges. There are 518 100% **POWER of We** churches that paid 100% of their conference and district Mission Shares line by line and fulfilled their Clergy Benefits Obligation.

When you see someone with the stickers and ribbons on their name badge, greet them with a hearty **"Thank You for your Generosity."** They are declaring their example of being a part one of the most generous states in this great country, and even more by being a church who lives out the concept of connection by binding together to make a difference in other's life's.

2018 MISSION SHARE GIVING REPORT

The following listing is our Apportioned Conference and District Mission Share Giving Report. In 2018, as a way of assisting the districts by saving costs of mailing and administrative work and by saving time in the receipting and depositing work in the district office, the conference treasurer's office began to collect the mission shares for the districts. The funds were remitted in full to the district at the end of each month.

The conference pay out rate is listed by each church and is printed in the first column. The district pay out rate is presented in the second column. For each of the 972 local churches' witness of generosity and stewardship, we give thanks. A special shout out to those churches that increased their giving this year and those who paid 100%!

MISSION SHARES RECEIVED & DISBURSED

The following report gives you a picture of the funds given by the local churches and their disbursement. The conference operating budget line items represent those budgeted line items of Mission Shares that provides the work of the annual conference. You will note that some areas

spent more than the Mission Shares received. These excess spending are because of fixed costs like salaries and contractual arrangements. The funding for those excess dollars comes from funds raised outside of the Mission Shares and if necessary, reserves. The second and third groups show the funds that are called turnarounds. These are the Mission Shares that are distributed to each of the centers

of ministry based on the gifts received from the local churches. You will note that just because they are budgeted a certain amount, they are not guaranteed that actual dollar amount. The amount they receive is based on the generosity of the local churches of the Mississippi United Methodist. This report of ministry areas is broken down by conference mission and beyond the conference mission.

RIBBON RECOGNITIONS The second area of giving through the conference is detailed below. 849 donations from churches totaling \$535,836 were received in 2018 through the Conference Office. Those church members have ribbons on their name badges indicating their generosity. The **bold** in each description is the name on the ribbon. According to our statistical tables, the local churches advised us that they gave contributions totaling \$1,409,764 directly to these ministries and other United Methodist Ministries. While your mission shares support our agreed upon ministry, these second mile gifts offer mission and ministry resources to those agencies who are doing the work of the United Methodist Church. Please give whichever way you choose to make that ministry grow so that the Connection can make a difference in someone's life.

2. Each year our Bishop selects the recipient of the **Annual Conference Offering**. In 2015 we began the Africa University Partnership with a goal of endowing 13 scholarships at Africa University. Churches pledged this amount over a 3 year period. In 2016, we began the initiative to declare No More Malaria in the Africa continent by pledging to save 100,000 lives. This can be done by purchasing a mosquito net for \$10. The following 403 churches gave \$280,052 to these two initiatives.
