MassDEP

Massachusetts Department of
Environmental Protection

"We are modernizing the way we do business - improving our processes and ultimately, the experience for our constituents."

About EIPAS

EIPAS is a multi-year investment aimed at modernizing the public experience with EEA permitting, access to EEA-held information, and creating an overall ease of doing business with EEA.

Core EIPAS Tenets Include:

- Reduced Time to Business for Permitting and other Core EEA Functions
- Improved Stewardship of the Commonwealth's Environmental Resources
- Modernized Technology Platform Provides Greater EEA Staff Efficiency
- Increased Transparency and Civic Engagement
- Enhanced Collaboration with Other Agencies and Municipalities
- Improved Revenue Collection Processes
- Continuing Benefits from Technology Investments

Online Applications

- New, Renewal and Amendment applications can be submitted online
- The portal guides applicants through the process of providing all necessary information
- Documents can be uploaded and payments can be made online!

Visibility and Updates

- Applicants receive email notifications throughout the process and will have full visibility into their application status
- The public portal provides search and comment functionality, allowing the public to quickly find status information, or comment on applications under review

Streamlined Processes

- Electronic processes ensure that information is collected and shared in a succinct manner
- ePermitting portal connects public users and applicants directly to EEA agencies
- Prior manual processes such as collecting payment, mailing documents, or reviewing applications now take minutes rather than days
- Ultimately, the time it takes to apply, review and issue authorizations is reduced

The EIPAS Story

There have been many shared successes along the EIPAS journey.
