

MAKE A MASK. SAVE A LIFE.

KNOW HOW TO SEW?

You can make a difference right where you live. We need your help in making and supplying face masks for our Hosanna/HEART Covid-19 response volunteers as well as the homeless and elderly in our community.

HOW TO MAKE A MASK

We will be taking any contributions of face masks that you are able to supply. This is a great way for you to get involved and help those in the community.

You'll find instructions from the CDC on the following pages or [click this link](#). It has instructions on various ways to make a mask. You don't even need a sewing machine for some of the patterns! This is be a fun way for the family to get involved in a "Mask-Making" evening.

WHERE TO DROP OFF MASKS

Bins for **donating or picking up fabric** are located by Door 1 at our Lakeville campus. Anyone needing fabric to make masks are welcome to take the fabric from the bin.

You can also **drop off** finished masks at the front door of any of our four Hosanna Church locations. There will be a clear bin marked "Masks". Masks will then be sent to where they are needed most. All our doors are locked, so please do not plan to enter the building.
