

HEART IMPACT TRIP | Vidor, TX

June 22-29, 2019

Trip Description: The HEART Ministry has sent eight hurricane relief teams to Vidor, Texas since Hurricane Harvey devastated the area September 2017. Vidor, Texas took a direct hit of 50-60 inches of rain in a two-day time frame with an additional hit as waters were receding from opening dams flooding the area again. Most homes had 4-10 feet of water inside them for over a week and because of their location, most are not insured for hurricanes.

The team will be led by experienced HEART leader Kirk Hinrichs and Pastor Nathan Lyke. We welcome all skill levels to assist in a variety of possible tasks such as: cleanup, construction, yard work, painting, serving food, etc. Each day will have devotions, breakfast, ministry (work & outreach), lunch, ministry (work & outreach), clean up and showers, dinner, and debrief time with team and hosts. A specific focus during trip devotional time will be spent in large and small groups for students to reflect upon and learn about their identity, belonging and purpose through Jesus as they prepare for life after high school.
