

KIDS' CLUB

INTERNSHIP

Kids' Club is for kids in an apartment complex, ages Kindergarten-7th grade (completed). The purpose of Kids' Club is to share the gospel with the kids through Bible story, memory verse memorization, games, and crafts. The kids will also earn points through the summer and those points go towards being able to participate in field trips. We also feed them lunch through a state funded program so it does require training as well as guidelines we have to follow throughout the summer. The big end to our summer is our back pack give away at our Back to School Party.
