1. New Distributors who enrolled Nov. 1, 2017, and after: Start GPS the day they signed up for GSFS.
2. All volume is cumulative throughout the promotional period.
3. Cycles need to be completed during one calendar month*.

Group 3

1. GSFS enrollees who signed up before Nov. 1, 2017: Restart GPS on Jan. 1, 2018, at real highest achieved rank
2. All PGV earned from Oct. 1, 2017, to Dec. 31, 2017, carries over.
3. Cycles need to be completed during one calendar month*.

All Groups

1. Return period: Begins when the rank promotional timeframe ends.

*Cycles: Example: A real Sapphire Executive earns the Sapphire Executive bonus of \$3,500 USD on Feb. 15, 2018. The Distributor can either complete the 25 cycles and PGV from Feb. 15, 2018, to Feb. 28, 2018, and earn the bonus for Sapphire Executive 25, or the Distributor has three full calendar months (beginning Mar. 1, 2018) to complete the 25 cycles in one calendar month while also accumulating the necessary PGV.

Return Period

Example: A Distributor joins Jeunesse on Jan. 5, 2018, and advances to Jade Executive with the necessary PGV on Jan. 25, 2018. The 30-day return period begins Feb. 5, 2018, during which time Distributors can upload and verify their government IDs. Any return will affect the Distributor's PGV. On March 5, 2018, the Jeunesse commission system verifies whether the Distributor is still at a rank of Jade Executive or higher. If the Distributor has maintained a Jade Executive rank and returns have not impacted the necessary PGV, the GPS bonus will be paid and shown in the Distributor's commission report. The Distributor must maintain the achieved rank in order to earn the corresponding bonus.
