- Vitamin C from Acerola, contributes to the protection of cells from oxidative stress
- Superfruit blend of 19 fruits with naturally occurring vitamin C from Acerola, including the Brazilian açai berry

AÇAÍ: THE JEWEL OF THE AMAZON

Origin: Pronounced “ah-sah-EE,” the açai berry is a small, dark-violet berry crowned with a white ornamental whorl. Grown in the heart of the Amazon, açai berries have a unique phytonutrient composition of antioxidants, polyphenols, vitamins, minerals and amino acids.

✓ **Amazonian superfood:** Indigenous Brazilians have been eating açai berries for centuries, due to their health and wellness benefits.

✓ **Sustainable:** The berry-filled fronds are harvested, leaving the açai palm tree to grow year after year.

✓ **Carefully processed:** After harvest, the açai pulp is removed from the seed. The pulp is then flash-pasteurised to help retain the flavour, colour and beneficial nutrients.

✓ **Plant-based glucosamine:** Active contains one of the few plant-based sources of glucosamine. Each 60 mL serving contains 750 mg of vegan-friendly glucosamine. Derived from corn, this non-animal, non-shellfish glucosamine can be consumed by those with shellfish allergies.

When you think of a family business, you tend to think small. Not at Jeunesse. When the Founders, husband and wife Randy Ray and Wendy Lewis, emerged from retirement to create Jeunesse, the goal was to build a global billion-dollar brand. In just six years, that dream was realized when the company reached more than \$1 billion in annual sales in 2015.

THE JEUNESSE FAMILY

**RANDY RAY &
WENDY LEWIS**
FOUNDERS 📷

Jeunesse launched at 9:09 p.m. Sept. 9, 2009. The number nine represents longevity, and reflects the Founders' desire to create a legacy – a company with staying power in the direct selling industry.

Armed with uniquely innovative products, one of the most rewarding compensation plans in the industry and a cutting-edge global platform to share products, training and support, Jeunesse now spans more than 145 markets, with more than 34 fully operational offices across six continents.

Critical to the success of the company is an abiding commitment to serve and give back, and help those in need, with a focus on empowering children around the world through the nonprofit foundation Jeunesse Kids™. Founded on the principles of leading with a servant's heart and helping as many people as possible change their lives, Jeunesse shows no signs of slowing.

SCOTT A. LEWIS
CHIEF VISIONARY
OFFICER 📷

Leading the strategic vision of a billion-dollar global brand takes creative thinking and a strong belief in limitless potential. Fortunately for Jeunesse, Chief Visionary Officer Scott Lewis embodies these characteristics, and his industry experience and genuine passion for positively impacting the lives of others make him the ideal visionary to help shape the future of Jeunesse.

Scott understands that the success of Jeunesse is rooted in its commitment to the people who make up the global Jeunesse Family. He firmly believes in a relationship-oriented foundation and leading with a humble heart.

EMPOWERING COMMUNITIES TO GIVE CHILDREN A BRIGHTER FUTURE. 📷

Jeunesse Kids™ is dedicated to creating a positive impact in the lives of children worldwide. The nonprofit charitable 501(c)(3) foundation is supported by a vast community of caring individuals whose mission is to build better tomorrows for young people in underprivileged communities around the world. Acting on both a global and local level, Jeunesse Kids helps children in need with projects that have a sustainable and long-term effect.
